## FOREWORD

Within the pages of this volume are recorded the student life and happenings of the college year, 1923-1924. Much as the old Greek and Roman historians wrote upon the Papyrus scroll for the benefit of posterity, so the Editors have kept in this volume a faithful account of the college year on which all can look back.

The history of Denison tells a story of struggle and hardships—a magnificent past, which is but the promise of a more wonderful future. If this volume shall have contributed to the Denison of today and give one a vision of the Denison of tomorrow its purpose will be fulfilled.

# THE CAMPUS

*Scenes  
Must be beautiful,  
Which, daily viewed,  
Please daily,  
And whose charm survives  
Long knowledge  
And the scrutiny  
Of years.*

*—Cowper*

*The shadows of a thousand suns have been recorded here, and none has left its mark; nor shall the passage of a thousand more leave aught to tinge the memories we hold of this enchanted spot.*

*Nine*

*The throne of passing Seniors, this cold and austere stone holds more of pride and splendor than canopies of ancient Tsars.*

*Ten*

*The years that have beat upon old Talbot have but served to increase its stateliness and rugged dignity. A weather-beaten giant, clad in a mantle of ivy, bids welcome to all who would face life seriously.*

*Eleven*

*Science Hall crowns College Hill with an air of permanence and solidity. It is an admirable workshop of the sciences, where facts are given us, unbiased and unadorned.*

*Twelve*

*Quiet and unassuming as the graces it strives to teach, Doane Gymnasium stands as the very corner-stone of the Shepardson campus.*

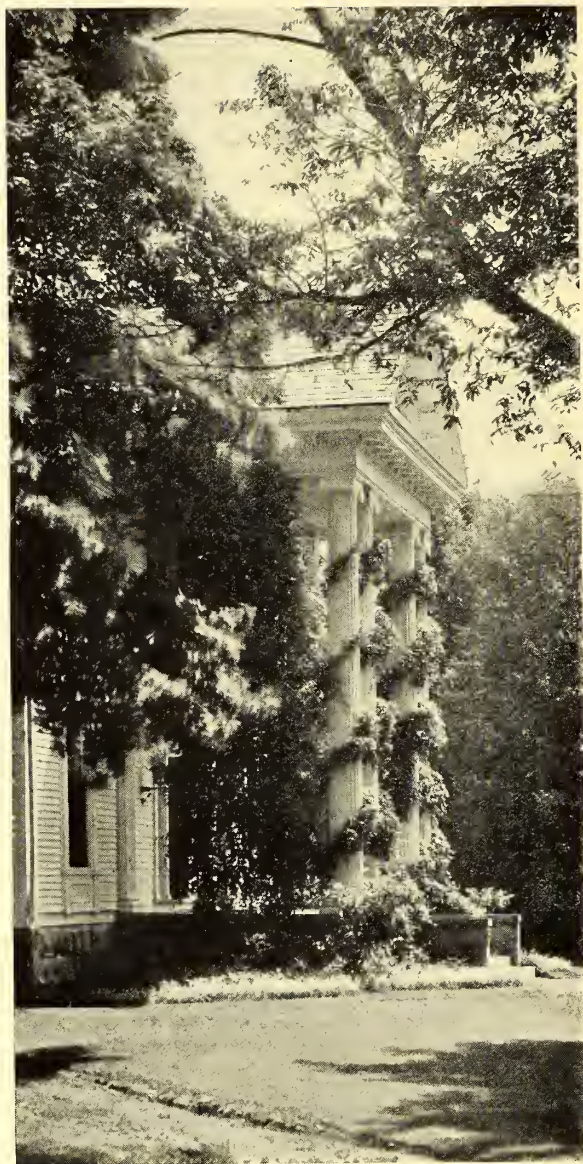

*Here gather valiant knights to do homage to the ladies of the castle;  
no manorial bastion this, but the stronghold of those who would "do justice,  
love mercy, and walk humbly."*

*Fourteen*

*The daily Hegira of devoted pilgrims, and the hurry to and fro of the fairest of the fair combine to make the porch of Stone Hall one of the busiest spots on the campus.*

*The stateliness and unassuming grace of simple architecture, together with the softening beauty of trees and flowering vines, make the house of the President worthy of the commanding site which it occupies.*

*Sixteen*

*This marble building is the magic window which opens to us the untouched vistas of the universe and humbles us with the grandeur of its message. Of purest white and in perfect proportion, it stands as a fitting token of its donor.*

*Seventeen*

*Staunch and true, Cleveland Hall juts forth at the gateway of learning, lifting its massive columns that Denison men may be towers of strength in body as well as in mind.*

*Eighteen*

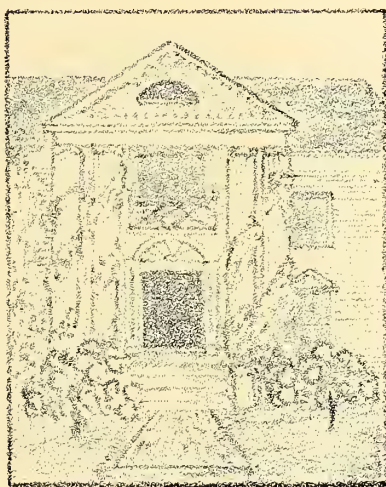

*Sunlight, trickling down through the branches of the lithe young birches, spattering the leaves, and running into little pools on the path known to Denison students as Lovers' Lane.*

*As we gather in Rose Quarry and sing our merry songs, the embers slowly die; but they kindle within our breasts sparks which will always glow, and which in future years will bid us sing, "Granville, I Love Thee."*

## Clarence M. Eddy

### *Secretary of the University*

Mr. Eddy came to us last year from Brown University to undertake the Secretaryship of the University. Included in his official duties are all matters pertaining to entrance requirements, requests for catalogs, and publicity about the College. In Mr. Eddy we have found one of the most genial spirits on the campus. His ready smile and cheery word have won many a place in the hearts of the students. Unflagging zeal and devotion to the University have characterized his two years as a successful Secretary.

## George Platt Knox

### *Late Dean of Granville College*

Although Dean Knox was with us just two years he became one of the most popular and best loved professors on the Hill. Coming to Denison as head of the Christian Education Department he served in that capacity for one year and was then appointed Dean of Granville College. In his special province was the administration of Student Aid, the problems of scholarship, and all matters relative to men students.

Dean Knox was friendly to all alike, and many students will always remember his helpful suggestions and kindly talks. He might well say, "Write me as one who loves his fellow men."

## Mrs. Clara T. Brumback

### *Principal of Shepardson College*

Mrs. Brumback has long been identified with Denison and with Denison students. Occupying a difficult position as Dean of University women Mrs. Brumback has carried on her work in a very efficient manner. Her duties are many and varied, yet in spite of this she finds time to help all that come to her and she tries to make the "Sem" life at Denison a happy one.

Aside from matters of student conduct and student government with which she is intimately associated, Mrs. Brumback is an assistant professor of English and has a class of foreign students. She has served the University well, and Denison is proud to claim her as an officer of the Administration.

## Dr. H. Rhodes Hundley

*Dean of Doane Academy*

Upon Dr. Hundley is devolved the task of developing and fitting Doane Academy students for higher educational training. As Dean of the Academy he has aided in giving all the proper foundation for a college course. Emphasizing the mental, the spiritual and the physical advancement, Dr. Hundley has influenced the lives of many who have gone through the Academy. He is given the credit for producing many of the finest students that ever graduated from Denison. One is proud to know such a true friend and a true scholar.

## Mr. E. E. Hopkins

*Treasurer of the University*

Mr. Hopkins, as treasurer, is confronted with an enormous task. Besides taking care of all the University expenses he attends to the housing of Academy and University students in Talbot Hall and manages the Denison Book Exchange. Although he is kept busy, Mr. Hopkins always finds time for jolly remarks. He is a man upon whom is placed great responsibility, and he performs his duties in such an efficient manner as to make him a successful treasurer.

## Prof. C. D. Coons

*Business Manager of the University*

As business manager of the college executive staff, Professor Coons has charge of the care and maintenance of all the college buildings and grounds. This in itself seems enough to keep one man busy all the time, but Professor Coons is able to efficiently take care of this and other offices.

Professor Coons is kind and cordial to all and is faithful in the performance of small as well as more responsible duties. He is always ready to serve when his help is wanted.

THE SOCIETY OF THE ALUMNI of Denison University was founded in 1859 to promote the interests of Denison University. Membership includes all graduates of Denison University, and is open to non-graduate former students of Denison, present and past members of the Denison faculty and Board of Trustees, recipients of Master's and Doctor's degrees from Denison, graduates of the Young Ladies' Institute, the Granville Female College and Shepardson College before its affiliation with Denison.

The society publishes the Denison Alumni Bulletin monthly during the college year, and maintains an office in one of the college buildings at headquarters for alumni.

The most important event to which the society is at present looking forward, is the Centennial Program to be celebrated in 1931. The society hopes by that time to have its organization as nearly perfect as possible, and to have made tangible efforts toward the establishment of the Greater Denison.

MARY THELMA ALSPACH, A. B., S. C.,  $\Phi B K$  Newark  
Newark High School.

Classical Club, 1, 2, 3, 4.

Thelma is a Newark girl and has only lived in the Sem one year. She is a sincere student and made Phi Beta Kappa in her Junior year. In the Greek Lab she is a favorite assistant. Her interest in the educational department seems to foretell her career as a teacher. We wish her the best of luck in her future occupation.

HUGH AMOS, B. S.,  $\Sigma X$  Cambridge  
Cambridge High School.

1923 Adytum Staff; Denisonian, 1, 2, 3, 4, Bus. Mgr., 4; Pan-Hellenic Council, 3, 4.

You can't tell a thing about nick-names, sometimes they are appropriate and sometimes they mean just the opposite from what they imply. The latter case applies to "Dummy". As an embryo physician he has taken some of the hardest courses in school. He is full of fun and always ready for a frolic. Sigma Chi and the Denisonian will greatly miss his guiding hand next year.

MILDRED ALLINGTON, Ph. B., Conservatory, S. C. Northport, Mich.  
Gaylord High School.

Delta Omicron; Big Sister, 3; Student Assistant, 2, 3, 4; Denison Orchestra, 3.

One would never suspect Mildred of being a great musician, because she isn't a bit temperamental. But that's all to her credit, for she does play the piano excellently. And she's a mighty good friend and gets quantities of work done so quietly one doesn't realize how busy she is.

JEANETTE ALBIEZ, Ph. B.,  $\Sigma \Delta \Phi$  Cincinnati  
University of Cincinnati.

Hockey, 3, 4; Jaw Bones, Big Sister, 4.

Jean came to us from the University of Cincinnati her third year. She has added a lot to the life of Shepardson. If you feel blue she is right there with her contagious smile. If you want a thing done well, give it to Jean. Of late she seems particularly interested in a certain Sig from her home town.

JERRINE ASHLEY, A. B., S. C.

Chicago, Ill.

Nicholas Senn High School.

Baseball, 1, 2, 4; Basketball, 3, 4; D. U.; W. A. A.

Jerry's gay and full of fun, always. Though she never seems to take things seriously, and is always right there when there are "feeds" and parties, she nevertheless is very serious about her work. She has a great many loyal and ardent friends, who think Jerry is mighty fine.

VERNON JUDSON BARKER, Ph. B., B Ø II

Granville

Steele High School, Dayton.

Class Basketball, 1, 2, 3, 4; Varsity Tennis, 2, 3, 4; Capt., 3; "D" Association; 1923 Adytum Staff.

The girls all say, "Yes, Bark is as gentlemanly a fellow as there is in Denison." Perhaps a long acquaintance with the game of tennis is responsible for that attitude, for one can't play tennis very long without learning the principles of true sportsmanship. His grades as well as his tennis playing are above par.

LAWRENCE EDWARD BALDWIN, Ph. B., D. C. C.

Mt. Vernon

Mt. Vernon High School.

Class Track, 1, 2, 3; Varsity Cross Country, 2; Y. M. C. A. Cabinet, 3; President, 4; Student Fellowship, 3; Alligator; 1923 Adytum Staff; Denisonian Staff, 2; Class President, 3; Chairman Committee Student Association, 3, 4.

Although Hank's list of activities is large, it doesn't adequately express his worth or the amount of work he has accomplished at Denison. This year he has held down two big jobs; for he has been at the head of the Commons Club as well as President of the Y. M. C. A. Next year we'll certainly miss the way he used to kid us from behind the counter at the Book Ex.

HERRICK TALBOT BAWDEN, B. S., D. C. C.

Granville

Doane Academy.

Assistant in Zoology, 2, 3.

While in college "Rick" has made a specialty of earning prizes. In particular, he won a prize of \$200 offered by "Asia" for an essay on China. His real hobbies, however, have been entomology and missions.

SAMUEL ROHRER BECKER, Ph. B., B Ø II

Dayton

Steele High School.

"D" Association; Cheer Leader, 3; 1923 Adytum Staff; The Masquers, 2, 3, 4; R. O. T. C., 1, 2, 3.

When Sam raises that right hand, be prepared to hear a flow of oratory. The words seem to roll out forever. As cheer leader Sam helped our basketball team win the Ohio Conference Championship.

WILLIAM DE PEYSTER BERRY, Ph. B., D. C. C.

Hammond, Ind.

Hammond High School.

Jaw Bones, 3, President, 4; Student Assistant, 4.

Bill doesn't make much noise, but everyone is aware of the fact that he's among those present. His pleasant and obliging manner on the campus and in the classroom has won our esteem and respect. A good friend, a good scholar—how better can one describe a good college man?

ELEANOR DOROTHY BREEZE, A. B., Φ Φ Φ

Granville

Granville High School.

Hockey, 1, 2, 3; W. A. A., 2, 3; 1923 Adytum Staff; Denisonian Staff, 1, 2, 3, 4; Classical Club, 1, 2, 3; Phi Beta Kappa; Student Assistant, 4.

In spite of the fact that "Dot" is one of the town girls who rarely visits the Sem most of us know her for her cheery smile. She has an unusual number of "A's" for such a "little" girl, and, although very "live" herself, she has won a lot of merit in the dead language department.

If there are any tricks to be played or if there is any mischief in the halls, you may be sure Marguerite is in the midst of it. She is the jolliest kind of a companion and yet she can be serious when the occasion demands it. Marguerite has achieved what many of us wish—the happy medium between play and work.

JOHN B. BOYD, B. S.,  $\Lambda X A$   
Newark High School.

Newark

Geological Society, 2, 3, 4; Student Assistant in Geology, 4.

"Jack" is a geologist from 'way back. He is always busy. If you happen to be in the Geology Lab at the right moment you'll see him rush in, drop a bag of rocks in a drawer, and rush out immediately after more. His manner of speaking slowly merely conceals his deep thinking.

ERMEL ELDEN BRANSTETTER, Ph. B.,  $\Lambda X A$ ,  $\Phi M A$  Kokomo, Ind.  
Hammond Industrial High School.

Class Track, 2; 1923 Adytum Staff; Cosmopolitan Club, 2, 3, 4; Board of Control of Music, 4; Y. M. C. A. Cabinet, 4; R. O. T. C., 1, 2, Noncommissioned Officer, 2; Student Assistant in Sociology, 4; University Glee Club, Piano Accompanist, 3, 4; Denison Band, 1, 2, 3, 4; Denison Orchestra, 2, 3, 4, Student Leader, 4.

"Brandy" is the best "all-around" musician in school. Besides being piano accompanist for the Glee Club he can play almost all the reed and brass instruments known to man. He demonstrated his cleverness by writing a good part of last year's Junior Revue.

HORACE WHITNEY BOGGS, B. S.,  $\Phi \Gamma \Delta$   
Hyde Park High School, Chicago.

Granville

Class Track, 2, 3; Varsity Cross Country, 3; "D" Association, 3, 4; The Masquers, 2, 3, 4, Treasurer, 4; Geological Society, 2, 3, 4; R. O. T. C., 2, 3, 4, Battalion Sergeant Major, 4; Director Junior Musical Comedy.

Horace came to Denison from the University of Chicago, where he was a member of the Black Friars, a dramatic organization. He was largely responsible for the success of the Junior Revue in 1923, and has taken part in most of the Masquers' productions. He is a frequent visitor at the Sem, every time his business affairs will permit him to tear himself "loose."

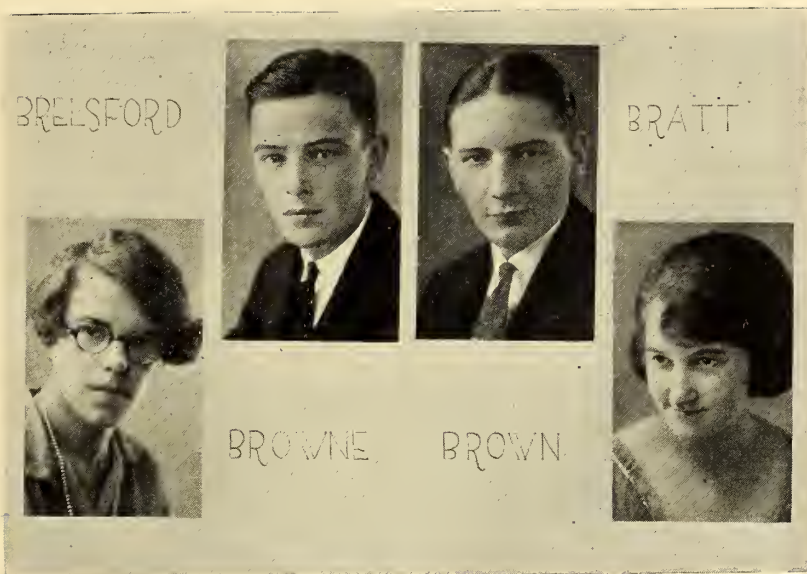

PHILIPS B. BOYER, Ph. B., D. C. C.  
Bethel High School.

Library, Pa.

Class Track, 2; Varsity Debate Squad, 3, 4, Manager and Alternate, 4; Y. M. C. A. Cabinet, 4; Friendship Council, 3, 4; Student Volunteer Band, 2, 3, 4, Treasurer, 3, President, 4; Chorus, 4.

Phil has a habit of doing thoroughly whatever work there is to be done. Whether it be as a debater or as head of the Student Sunday School, his work has shown deep thought and thorough preparation.

RUTH ODESSA BROWN, Ph. B., S. C.

Granville

Ruth's ambition is to master at least five modern languages. We have no doubt of her success if she puts into that study the same pep and enthusiasm she has for athletics and other campus activities. Her success as a librarian will certainly be due in a large measure to her very winning personality.

ERNEST CARHARTT BRELSFORD, B. S.,  $\Phi \Gamma \Delta$ ,  $\Phi B K$  East Cleveland Doane Academy, Shaw High School.

Board of Control of Student Publications, 4; Y. M. C. A. Cabinet, 3, 4; Alligator; Green Friars; 1923 Adytum Staff; Denisonian Staff, 1, 2, 3; Assistant Editor, 3; Flamingo Staff, 2; Engineering Society; Mathematics Club, 1; Class President, 4; Member Student Council, 3, 4.

Ernie is a student among students, possessing to an unusual degree that evasive quality known as personality, and has been a leading figure on the campus during the last four years.

FLOYD C. BRATT, B. S., D. C. C.

Clarence Center, N. Y.

Parker High School.

Class Football, 1; Class Track, 1, 2; Biological Club, 1, 2, 3, 4.

Floyd has made a study of biology until he has become an authority on the subject. If you are puzzled about it, look him up; you'll find that he has a wherefore for each of your whys.

RUTH LOYDA BROWNE, Ph. B., S. C.

Haskins

Haskins High School.

Hockey, 4; Basketball, 4; W. A. A., 4; Biological Club, 3.

Ruth is quiet and unassuming, but she has drawn an ever widening circle of friends about her during her four years at Denison. Stone Hall girls welcome her with open arms as she comes twice a day with the mail. She takes a keen interest in Dr. Lewis' department and we predict great success for her in the educational world.

WILLIAM CLARK CALVERT, B. S.,  $\Sigma$  A E Houma, La.  
Terrebonne High School, Louisiana State, 2.  
Chemical Club, 1, 2, 3, 4; Alpha Chi Sigma; R. O. T. C., 1, 2, 4; Student Assistant in Chemistry, 1, 4.

It isn't often that Denison has a representative from Louisiana in her midst. Bill's place both in chemical work and in the Army will be a hard one to fill next year.

ERIC VICTOR CALHOUN, B. S.,  $\Delta$  X A East Liverpool  
East Liverpool High School.  
Varsity Football, 2, 3, 4, Captain, 4; Class Football, 1, Captain, 1; Varsity Baseball, 3, 4; Class Baseball, 1, 2; "D" Association, 2, 3, 4; Granville Athletic Association, 2, 3, 4; Engineering Society, 3, 4; Board of Control of Athletics, 4; Alligator; Treasurer of Student Association, 4.

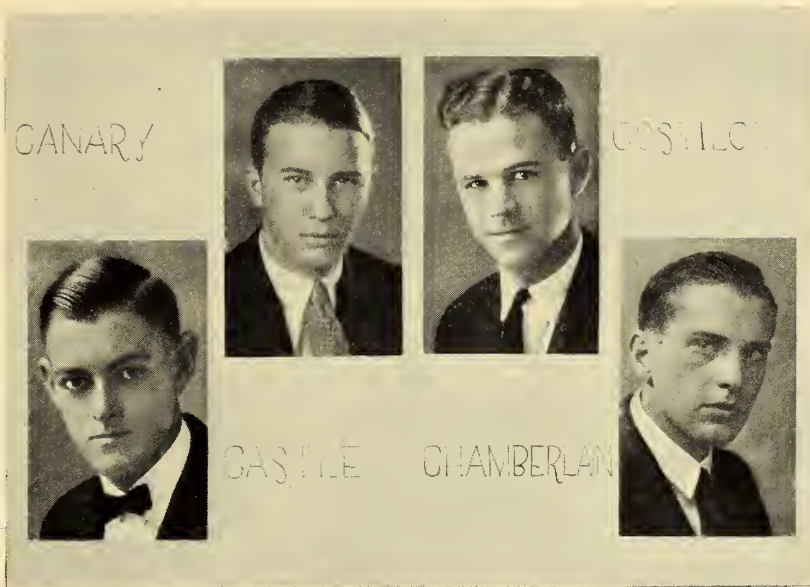

"Enoch, Enoch, Bully for Enoch! Varsity, Varsity, rah!" Has a rather familiar ring, hasn't it? Enoch has gained the distinction of being mentioned as All-Ohio football material two years in succession.

FRANCES ELLEN CHAMBERLIN, B. S., K  $\Phi$  Granville  
Doane Academy.  
Tennis, 1, 2, 3, 4, Captain, 2, 3; Basketball, 2, 4; Track, 2; All-Shepardson Tennis, 4; Geological Society; Big Sister, 3.

Frances has a smile that never wears off. She is quite at home on the tennis court and has won many honors there. The "blue of her eyes and the gold of her hair" seems to indicate that she favors a certain fraternity on the campus. Her chief characteristic is the enthusiasm with which she undertakes all her work.

ESTHER JANE CAREY, B. S., S. C. Boston, N. Y.  
1923 Adytum Staff; Big Sister; Student Assistant.

Esther has a monopoly on Stone Hall parlor. Nobody seems to be able to remember when the "Count" wasn't somewhere around. But Esther has time to be a good student, a good friend, and still never be in a hurry.

WILLIAM A. CASTLE, B. S., D. C. C.

Alexandria

Alexandria High School.

Varsity Football Squad, 3; Biological Club, 3; President, 4.

"Bill" hails from Alexandria and he is proof of the fact that some of Denison's best students live in the vicinity of Granville. His work has been consistent in character throughout his college course. He has specialized in Biology, and is planning to enter the educational field.

SUMNER CANARY, Ph. B.,  $\Sigma A E$

Bowling Green

Bowling Green State Normal College.

Varsity Track, 3, 4; Class Track, 3, 4; 1923 Adytum Staff; Denisonian Staff, 2, 3, 4; Flamingo Staff, 2, 3, 4; Jaw Bones, 3, 4; Fourth Estate, 4.

"Sum" has had varied interests in school life, and has proved his versatility by engaging in track and every kind of literary work which is offered here—all at the same time. His popularity at the "Sem." is the envy of many.

OKEY WITTER COSTILOW, Ph. B.,  $\Phi \Gamma \Delta$

Clarksburg, W. Va.

Washington Irving High School.

Student Fellowship; Classical Club, 1, 2.

Okey has worked quietly. He has chosen to be a good student, an efficient worker and a good friend rather than a participant in outside activities. In the light of what he has accomplished we are inclined to agree with his choice.

JOHN A. CHAMBERLAIN, Ph. B.,  $\Phi \Gamma \Delta$

Granville

Doane Academy.

Cadet Major, R. O. T. C.; Jaw Bones, 4; 1923 Adytum Staff; Class Historian.

"Prex" is almost the "ne plus ultra" of the R. O. T. C., having been identified with the college army for the last four years. His experiences at Camp Knox which he tells about get better every time they are repeated.

LOUISE DARROW, Ph. B., K  $\Phi$

Granville

Rockford College.

Hockey, 3, 4; Swimming, 4; All-Shepardson Hockey, 3, 4; W. A. A.; Geological Society, 3, 4; Student Fellowship, 3, 4; Big Sister, 3, 4.

Louise is an all-around girl. She works and plays with equal vigor. Her willingness to help everyone else is her outstanding characteristic. Although she has only been with us two years, we have grown to love her dearly and to value her friendship highly.

MARIE DODD, B. S., S. C.

Newark

Newark High School.

Baseball, 3; W. A. A.; Mathematics Club; Big Sister.

One of the nicest things about Marie is the pleasant way she smiles at you, and the friendly interest she always takes in everything.

KEITH R. FAWCETT, B. S.,  $\Delta X A$ ,  $\Phi M A$

Vesta, Minn.

Pillsbury Academy.

Class Baseball, 1, 2, 3, 4; Denisonian Staff, 1; Chemical Club, 1; Biological Club, 2; R. O. T. C., 1, 2, 3, 4, Major, 4; University Glee Club, 3, 4; Quartet, 4.

"Spic" has the reputation of being the snappiest looking officer in the local Army. He intends to enter the medical profession next fall.

ROSE LILLIAN DAVIS, B. S., S. C.

Hammond, Ind.

Hammond High School

Baseball, 4; Basketball, 4; W. A. A.; Mathematics Club; Student Fellowship.

Although Rose Lillian is the very finest college senior we've seen in a long time, we feel sure that that will not keep her from being a successful teacher. For she has a great deal of dignity and poise, and the sort of likeable personality that will be sure to win her many friends.

HARRY FOOT, Ph. B., D. C. C.  
Coshocton High School.

Coshocton

Class Track, 2; Denisonian Staff, 3, 4; Associate Editor, 4; Flamingo Staff, 3, 4; Masquers, 4; Fourth Estate, 3, 4; President, 4; Class Treasurer, 3; Student Assistant in Journalism, 4; University Glee Club, 2, 3, Reader.

Harry excels in all things literary and dramatic. His versatile pen has contributed the serious to the Denisonian and the humorous to the Flamingo, and in the years to come it will be a mighty hard job to find his equal as a dramatic reader.

JAMES FITCH, B. S., KΣ  
Doane Academy.

Granville

Assistant Manager, Varsity Baseball, 3; Advertising Manager, Adytum, 3; Circulation Manager, Flamingo, 3; Engineering Society, 4; R. O. T. C., 3; Second Lieutenant, 3; Class Treasurer, 1; Denison Band, 1, 2; Manager, 3; Leader, 4.

Jim is musically inclined, from a whistle all his own to proficiency on almost all band instruments. As director, he was largely responsible for securing uniforms for the Denison Band, which made such a fine showing this year.

THELMA RUTH GIBBS, Ph. B., S. C.  
W. A. A., 3, 4; Big Sister, 3.

Canton

Thelma left us after her second year, and spent last year in France. We're mighty glad she decided to come back to Denison. Besides holding University classes in French, she contributes largely to the merry life in Burton Hall. We haven't quite figured out how she can do so many things and still have time for all her dates.

EUNICE H. FELLMAN, B. S., KΦ  
Riverside High School.

Milwaukee, Wis.

Basketball, 2; Archery, 2, 3, 4, Champion, 2, 3; All-Shepardson Archery, 2, 3; W. A. A.; 1923 Adytum Staff; Y. W. C. A. Cabinet, 3, 4; White Nun; Class Vice-President, 4; Secretary of Student Association, 3; Big Sister, 3, 4; Pan-Hellenic Council, 3, 4; Eaglesmere Delegate, 2.

Eunice's record shows she has been busy during her four years here, and yet everyone knows that she always has time to do something for somebody else. Everything she undertakes is always done, and done well.

MARGARET KING GALLOWAY, B. S., K Φ Xenia  
Western College.  
Biological Club, 1, 2, 3, 4; Big Sister, 4; Glee Club, 1, 2; King Hall Supervisor, 4.  
Peg left Western College and came to us her Sophomore year. A mighty welcome addition too! She proves the adage that the best prizes come in small packages.

ROBERT HILDRETH GARRISON, Ph. B., D. C. C. Newark  
Newark High School  
R. O. T. C., 1, 2, 3.  
"Bob's never failing optimism is evidenced by his lasting smile. He is interested chiefly in literature. He was one of the leading characters in the Washington Banquet skit of 1923, where he very capably took the part of the "office boy."

IRETA GOODRICH, B. S., Σ Δ Φ Oberlin  
Hockey, 1, 2, 3, 4; Basketball, 1, 2, 3, 4; Track, 3; All-Shepardson Basketball, 1, 3; W. A. A.; 1923 Adytum Staff; Biological Club; Debate Squad, 3; Debate Council, 3; Y. W. C. A. Cabinet, 4; White Nun; Student Council, 2, 3, 4; Big Sister, 3, 4.  
Ireta puts into everything she does the same pep and energy she puts into athletics, which is the reason for her success as the advisor of the high school Y. W., and her popularity on the campus.

PAUL HAGESTY HAZLETT, A. B., Σ A E Newark  
Newark High School.  
The Masquers, 3, 4; R. O. T. C., 1, 2, 3, 4; Noncommissioned Officer, 4; University Glee Club, 3; Denison Band, 3, 4; Pan-Hellenic Council, 4.  
Would you suppose that a minister-to-be would make a good army officer? Paul has shown that it can be done. In addition to other things Paul has gone in for dramatics and the Glee Club.

### RUTH HOVEY, B. S., S. C.

Upper Montgomery, N. J.

Packer Collegiate Institute.

Tennis, 3, 4, Champion, 3; Archery, 1, 2, 3, Champion, 1; All-Shepardson Tennis, 4; All-Shepardson Archery, 1, 2; D. U.; W. A. A., 1, 2, 3, 4, Vice President, 4; 1923 Adytum Staff; Geological Society, 3, 4; Chemical Club, 2; Student Fellowship, 4; Big Sister, 3, 4.

Ruth's smile is ever present. Furthermore, it is dreadfully contagious. She is a good friend to all, and Stone Hall will miss her jolly fun next year. Ruth is the tennis champion of Shepardson and has done a great deal in other activities as well.

### WALLACE B. HEISER, Ph. B., $\Delta X A$ , $\Phi B K$

Berlin Center

Berlin Center and Alliance High School.

Chemical Club, 2; Debate Team, 2, 3, 4, Captain, 2, 3, 4; Board of Control of Debate and Oratory, 4; Student Assistant in Philosophy, 4; Modern Language Society, 3, 4, President, 4; Society of Debate and Oratory, 3, 4; Lewis Prize Contest, 2, 3.

What would a Denison debate be without "Wally?" We dread to look forward to next year when that question must be answered. Debating means hard, consistent work, and having acquired the habit "Wally" simply couldn't let go.

### MARGARET E. HAWKINS, Ph. B., $X \Psi \Delta$

Canton

McKinley High School.

Hockey, 1, 2, 3, 4; W. A. A.; 1923 Adytum Staff; Masquers, 2, 3, 4; Classical Club; Inter-Sorority Council; Y. W. C. A. Cabinet, 3, 4; Student Council, 1; Big Sister, 3, 4.

"Marg" is never in a hurry. But it isn't because she has nothing to do. It's because she knows the secret of doing Y. W. publicity work, being in Masquers, getting excellent grades, yet always having time to do whatever you want her to do.

### ROBERT L. HENDERSON, B. S., $K \Sigma$

Norwalk

Norwalk High School

Varsity Football, 2, 3, 4; Class Football, 1, 2; Class Basketball, 1, 2, 3, 4; Class Track, 1; "D" Association, 2, 3, 4; Granville Athletic Association, 1, 2, 3, 4; Chemical Club, 2; Biological Club, 2; Y. M. C. A. Cabinet, 3, 4, Secretary, 4; Student Fellowship, 3, 4, President, 4; R. O. T. C., 1; Secretary Student Association, 4; Student Assistant in Chemistry, 2, 3, 4; Pan-Hellenic Council, 3, 4.

Bob is as good natured and easy-going as he is big and husky. However, many an opposing football team has had reason to know that he isn't always easy going. Bob says that he'll be glad when Spring comes around again, especially the month of "June."

*Fifty-three*

ROBERT E. HOPKINS, B. S., D. C. C.  
Doane Academy.

Granville

Denison Orchestra, 1, 2, 3, 4; Biological Club 1, 2, 3, 4.

Bob has a quality which few college students possess, namely—"stick-to-itiveness" and neither the Orchestra nor the Biological Club has a more regular attendant or a more faithful worker.

CLARENCE N. HINELINE, B. S.,  $\Sigma A E$ ,  $\Phi M A$   
Port Clinton High School.

Port Clinton

Class Baseball, 1; Varsity Track, 3, 4; Class Track, 1, 2, 3, 4; Engineering Society, 4; University Glee Club, 4; Denison Band, 1, 2, 3, 4; Denison Orchestra, 1, 2, 3, 4.

"Hinie" doesn't have much to say, oratorically speaking, but he amply makes up for that lack by speaking through his music. He is a good pole vaulter and needs just one more year in which to make a crack track man out of himself.

BERNARD LEWIS HUNDLEY, B. S.,  $B \Theta \Pi$   
Doane Academy.

Granville

Varsity Football, 2, 3, 4; Class Basketball, 1, 2, 3, 4; Varsity Track, 2, 4, Captain, 4; Class Baseball, 1; "D" Association, 2, 3, 4, Treasurer, 4; 1923 Adytum Staff; Geological Society, 2, 3, 4; Board of Control of Athletics, 4; Green Friar; R. O. T. C., 1, 2, 3, 4, First Lieutenant, 4; Student Assistant in Geology, 2, 3, 4; Pan-Hellenic Council, 3, 4.

Bernie has the distinction of having a gold medal which he won in the Big Six when he placed first in the high hurdles. He possesses a never-say-die spirit which accounts for his success in football as well as in track, and the nearest he ever came to spelling "lose" was "L-o-i-s."

H. KENDRICK HOLT, B. S., D. C. C.,  $\Phi B K$   
Reading, Mass., High School.

West Somerville, Mass.

Denisonian Staff, 1; Mathematics Club, 1, 2, 3, 4.

Ken doesn't do much talking, but when he says something you can depend on it. He has made an enviable reputation as a scholar while at Denison, having a particular affinity for Mathematics. Here's luck to you, Ken, in your prospective teaching career!

ELVA IRENE HUGHES, A. B., S. C.

Newark

Newark High School.

Shepardson Hockey, 4; Classical Club, 1, 2; Student Assistant in Philosophy, 4.

A quiet manner often covers quantities of excellent characteristics. Irene's quietness is just her modesty which refuses to let people see what a really capable girl she is. Always smiling, she never seems to mind doing lots of work.

MARGARET C. HANNA, B. S., S. C.

Huntsville

Huntsville High School.

Baseball, 3, 4; Archery, 2; W. A. A., 2, 3, 4; Mathematics Club, 4.

Peg is so quiet it was hard to find out at first just what she had done. But we soon discovered that she has been a bright and shining light in Shepardson athletics. Her work is always done well and we only wish that there were more like her.

CRESSEY J. HUNT, Ph. B., D. C. C.

Conneaut

Boonville High School.

Colgate University, 1; Westminster College, 2; Varsity Track, 2, (Westminster); Varsity Cross Country, 2, (Westminster); Class Track, 1, 2, (Colgate, Westminster); Cosmopolitan Club, 3, 4.

Cress is another of these quiet fellows with whom you wish you'd become acquainted earlier. His two short years here did not give us a chance to know him well but in our brief association we have found him to be a reliable and a genuine friend. Cress takes with him our best wishes for happiness and success in his new life.

KILBURN HOLT, A. B., D. C. C.

Reading, Mass.

Burlingame Private School.

Class Track, 2; 1923 Adytum Staff; Denisonian Staff, 2, Associate Editor, 3; Flamingo Staff, 1, 2, 3, 4, Assistant Editor, 3, 4; Friendship Council, 2, 3, 4; Student Fellowship, 3, 4; Class Poet, 1, 2, 3, 4; Student Assistant in English, 2, 3; Denison Band, 4; Gospel Team, 1, Captain, 2, 3, 4; Ministerial Association, 1, 2.

Kibby is one of the most brilliant fellows in the Class of 1924. Besides that, he has turned his attention to the literary and the religious. Especially will the Gospel Team miss him next year, for he has captained it for the past three seasons.

MILDRED H. JENKINS, Ph. B.,  $\Sigma \Delta \Phi$   
Willard High School.

Willard

Baseball, 1, 2, 3; Basketball, 1, 2; All-Shepardson Basketball, 1, 2; D. U., 3, 4; W. A. A., 1, 2, 3, 4; Conservatory Graduate; Big Sister, 3, 4; Glee Club, 1, 2, 3, 4.

Peg left us after graduating from the Conservatory. Then she decided she liked us so well that she would come back and take a degree from college. We are mighty glad she did!

MELVIN WRIGHT JOHNSON, Ph. B., D. C. C.

Brockport, N. Y.

Brockport State Normal School, High School Department.

1923 Adytum Staff; Classical Club, 2, 3, 4; Student Assistant in Greek, 2, 3, 4.

"Mubby" is an insatiable reader. He knows more about contemporary literature than most of the professors. He is one of the strongest arguments in school for abolishing 1:30 classes, as an afternoon siesta is both a habit and a necessity.

ELFREDA JESSEL, Ph. B.,  $\Sigma \Delta \Phi$ ,  $\Phi B K$

Buffalo, N. Y.

Buffalo High School.

1923 Adytum Staff; Denisonian Staff, 1, 2, 3, 4; Board of Control of Publications; Big Sister; Student Assistant.

Executive ability to a marked degree, dominating personality, and "social agreeability"—these things characterize "Fritters."

ALFRED K. JONES, B. S.,

Granville

Denisonian Staff, 3, 4, Sporting Editor, 4; Flamingo Staff, 3, Circulation Manager, 4; Fourth Estate; First Lieutenant, R. O. T. C.

"Al" is a Granville product of whom we are justly proud. He took to reporting as a duck does to water, and his work as sporting editor of the Denisonian is evidence of his fitness for journalism.

DANIEL P. KING, B. S.,  $\Delta X A$   
Pillsbury Academy.

Mountain View, Okla.

Varsity Track, 2, 3, 4, Captain, 3; Class Track, 1, 2, 3, 4; "D" Association; 1923 Adytum Staff Business Manager; Mathematics Club, 1, 2; Jaw Bones, 3, 4; Y. M. C. A. Cabinet, 3, 4; Alligator; Green Friar; R. O. T. C., 1, 2, 3, 4, Captain, 4; President Student Association, 4; Delegate to International Y. M. C. A. Convention in 1923.

For three successive Big Six meets Dan has been the most feared and respected man in the State when the whistle blew for the 220 and 100 yard dashes. And yet he hasn't made a specialty of athletics to the exclusion of everything else. He has been interested in religious activities, publications, etc.; a splendid example of the truly versatile man.

MARIAN A. KINNEY, B. S., S. C.,  $\Delta O$   
East High School.

Denver, Colo.

Baseball, 1, 2, 3, 4; Basketball, 3, 4; Track, 2, 3; D. U.; W. A. A., 1, 2, 3, 4; Mathematics Club, 1, 2, 3, 4; White Nun; President of Student Association, 4; Big Sister, 3, 4; Student Assistant, 1, 2, 3, 4; Glee Club, 3, 4.

Marian's activities about school have been so extensive that it is exceedingly hard to say anything about her in such a short space. Not only will the Glee Club miss her voice next year, but she has managed to "pull" a formidable line of A's and has been a very able director of the Student Association.

T. FELIX JONES, B. S.  
Newark High School.

Newark

R. O. T. C., 1, 2, 3; Noncommissioned Officer, 3.

T. F. is one of that unfortunate number who have fallen by the wayside and purchased motorcycles. If you've ever been given a lift by one of them you'll know the why and the wherefore of the word "unfortunate." T. F. will long be remembered here for his cheerful disposition and good-heartedness.

LOUISE M. KOECKER, A. B., S. C.  
Stivers High School

Dayton

Baseball, 2, 3, 4; Classical Club; Mathematics Club; Student Volunteer.

There was never anybody quite so happy and contented with life. Louise is keen and full of energy too, and we know there won't be any "ponies" used in her Latin classes.

WILLIAM DONALD KREAGER, B. S., D. C. C.

Alexandria

Waite High School.

Chemical Club, 4; Denison Band, 2, 3, 4.

The old description "fat and funny" fits Don to a T, only there is more fun than fat. Chemistry and Geology are his specialties. He also toots a "mean" cornet in the Denison Band.

CHARLOTTE MARIE LARSON, B. S., S. C.

Dayton

Stivers High School.

Baseball, 3, 4; Basketball, 3, Captain, 4; All-Shepardson Baseball, 3, 4; W. A. A., 3, 4; Mathematics Club, 1, 2, 3, 4; Eaglesmere Delegate, 3; Student Council, 2; Stone Hall Supervisor, 4.

For such a quiet, unassuming person, "Shy's" record shows that she has accomplished wonders. Those who know her best will tell you that under her reserved and dignified manner there is a heap of fun and jollity that has made everyone love her.

DONALD WARD LANE, Ph. B., D. C. C.

Springfield

Springfield High School.

Y. M. C. A. Cabinet, 4; Student Fellowship, 3, 4.

If you want anything done properly, ask Don to do it. He's had charge of the Newark Mission this year and has greatly added to its usefulness. The treasurer of the Y. M. C. A. says that Don is a great comfort to him because he's the only fellow on the Cabinet who doesn't continually hit him for money.

LOIS MARY LUSK, B. S.,  $\chi\psi\Delta$

Hockey, 1, 2, 3, 4; Basketball, 1, 2, 3, 4; Track, 1, 2, 3, 4; D. U., 2, 3, 4, President, 4; W. A. A., 1, 2, 3, 4; 1923 Adytum Staff; Geological Society; Board of Control of Athletics, 3, 4; Vice President Sophomore Class; Big Sister; Student Assistant.

No Shepardson Basketball game or Hockey game would be the same without Lois. Her ability isn't limited to athletics though—she's interested in a great many things and people, especially Betas. Smiling, happy-go-lucky Lois tosses her bobbed curls and dull cares fly away.

Where "Cookie" received his nickname is a question. At any rate, there is little danger of his losing it. Cookie has been identified with the "Green Imps" who are known throughout the state as an exceptional dance orchestra. He has also been prominent in athletics, with baseball as his main sport.

#### PING TENG LU, Ph. B., D. C. C.

Pete is a worthy representative of old China—courteous, witty, and kind. He is one of those fellows who will help mold the China of the future, and our most heartfelt wish is that he may carry back some of that Christian spirit which Denison has tried to show him.

"Bill" has made a name for himself in football and was an All-Ohio guard. As president of the "D" Association he has seen to it that that organization did not lack enthusiasm, as the freshmen can testify. He joined the Bachelor's Club, but lasted only a week.

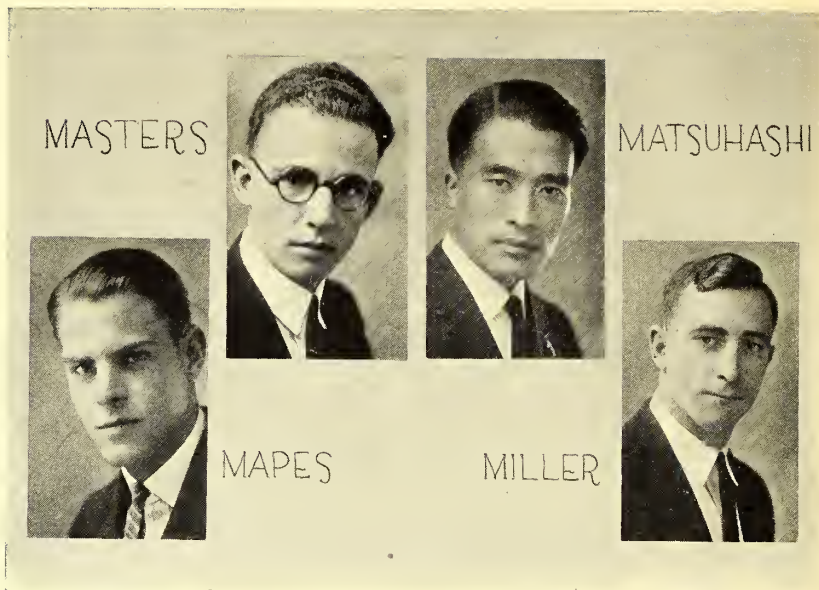

#### WILLIAM GREEN MATHER, JR., B. S., D. C. C.

Fayetteville High School, Fayetteville, Arkansas.

Class Track, 1, 2; Varsity Cross Country, 4; 1923 Adytum Staff; Flamingo Staff, Associate Editor, 3, Editor, 4; Geological Society, 2, 3, 4; Varsity Debate Squad, 1; Debate Team, 2, 3, 4, Captain, 4; Board of Control of Debate and Oratory, 3, 4; R. O. T. C., 1, 2, 3, 4, Captain, 4; Student Assistant in Geology, 3, 4.

Bill, like his brother, has followed Geology during his four years at Denison. His pursuit of *Rhynchotrema capax* has been eager and fruitful. Under his leadership the Flamingo has had a very successful year. Bill's long suit, however, is debating.

BLISS CUSHMAN MAPES, Ph. B., D. C. C.

One sometimes wonders what there is about Denison that can attract a fellow from  
far-off Nebraska. However, it proves the point that Denison is known among good  
men the country over.

Whenever a man makes a Phi Beta Kappa key in his Junior year, folks begin to  
sit up and take notice of him. Miles not only attained this honor, but he found time  
also to set the pace in the half mile. When better records are made, Miles will make  
them.

Mike has been one of the old "trusties." In football, as a line-bucker; in track,  
as a weight man; in baseball, as a pitcher and a slugger; in the band, as a trombonist;  
and in basketball, as the back guard of the "Spark Plugs," Mike could always be relied  
upon.

Johnny is a student of note. In fact he has studied so well that he has been able to complete his college course in three and a half years instead of the usual four. He likes work so well that he almost decided to remain the last semester of his Senior year to participate in debating. That's the stuff of which great men are made, Johnny!

George is Welsh even though he does say that New Castle Pa., is his home town. Morgan's right arm has got him out of more than one "Maze."

SARA J. McCONNELL, Ph. B.

Newark

Hockey, 2; Student Assistant, 4.

Sara's philosophy of life must be "a little smile goes a long way." At any rate no one ever saw her frown. She lives in Newark, so we do not see her as much as we would like to; but the more we see her the more we wish we knew her better.

When it comes to managing anything, Mack will take care of it. Steady and reliable, and possessing versatile ability, he can be depended upon to do the job well. Mack was an exceptional football manager, as well as a valuable stage manager of the Masquers.

Peg has only been with us two years, but in that time she has accomplished about as much as one girl could do. If there is fun going on you will find her in the midst of it, and yet when it comes to real work she is there with her full share.

HELEN MARIAN MEYERS, B. S., S. C. Erie, Pa.

If you want anything done unusually well there's Helen to do it for you. She can do anything from leading chapel to playing basketball and making fudge. And she's very musical and always seems to be as happy to sing as we are to listen.

KATHRYN NESSLEY, Ph. B. Columbus  
 Ohio Wesleyan University, Ohio University.

Kathryn is always full of pep and enthusiasm and is always ready for a good time. We wish she had been with us longer; one year has given us a glimpse into a personality of which we would like to know more.

Dot's interests have been confined to the more domestic pursuits of life, which, we suspect, predict her future. Her shy, quiet ways have kept many from knowing her intimately, but she is a friend well worth having. She particularly shines in History and Education classes.

ANNE ROGERS, A. B.

Not content with Phi Beta Kappa honors, "Shiner" proceeded to carry off athletic honors as well, by his election to the captaincy of the 1924 Baseball team. Integrity of character and all-around ability are important factors which contribute to his popularity.

MARJORY SUTHERLAND, B. S., S. C.

Marj is one of the most versatile girls in the University. Her record shows that she has given her time to most of the activities that are offered. She seems to have divided her time equally well between Y. W. C. A., athletics, and Student Government. Besides these varied activities, Marj is always ready for a jolly good time.

"Long Boy Steadman." Of all the centers in the Ohio Conference he has been one of the hardest to out-jump and out-play. That's one of the reasons he was chosen to captain this year's basketball team. For the last two years Livy has been rated as All-Ohio football material.

"Viner's" activities on the campus have been hidden by her modesty. She is leaving a place that will be hard to fill. Her ever-ready interest is something that most of us have experienced.

"Tommy" is a joy to the eye; you feel happier just to see her. Nothing ever seems too difficult for her to do. She has made an ideal Y. W. President, because she practices in her own life the things she stands for as head of the Association.

Edna's college career has truly been a remarkable one. Apparently her early education was neglected, for the only letter she seems able to recognize is "A". However, this is not all, for her record shows that she has found time to take a big part in quite a number of the activities in school.

A mighty dependable girl is Anne. She has a friendly smile for everyone, and a merry twinkle in her eyes. Shakespeare and Philosophy are Anne's favorite subjects, and doing things for other people seems to be her favorite occupation.

The uninitiated do not know just what Jeff's life work is, but judging from his portrayal of the admirable Creighton, the uninitiated think that he ought to become an actor. Jeff has accomplished another unusual and difficult task—he has earned his A. B. degree. That means thirty-two hours of Latin and Greek!

"Yeakel" is chiefly happy! At least no one ever saw her when she was blue. Her athletic record shows how well she was fitted to head W. A. A. this year. She swings the "wickedest" bat and plays the "meanest" game of basketball of any girl in school. But with all this Helen has not neglected other activities.

## Denison Commons Club

THE DENISON COMMONS CLUB, one of the charter chapters of the American Association of Commons Clubs, was established at Denison in 1917. It has filled a need long felt, that of providing a home, with social opportunities for men unaffiliated with the national fraternities. The chapter house is located on College Hill and has made a beautiful home of the dormitory formerly known as Marsh Hall.

ACTIVITIES

# STUDENT GOVERNMENT

*One Hundred Sixty-five*

## Granville Student Council

THE Granville Student Council is the legislative and judicial body which governs the men of the University. One of its aims is to maintain among the students the ideals of Denison and to further perpetuate a democratic spirit upon the campus.

Officers of the Council consist of a President and a Secretary, elected from the Senior class by the popular vote of the men of Granville College. Members of the Council include: the president of each academic class, the president of the Y. M. C. A., president of the Pan-Hellenic Council, editor of the Denisonian, a representative of the Commons Club, and a representative of the Senior and Junior classes.

## Shepardson Student Council

Government of all students of Shepardson College is vested in the Student Association. This organization, which includes all resident women students of the University, elects an Executive Board to serve as a judicial and supervisory body. Matters concerning the welfare and activities of Association members come under the jurisdiction of the Council.

The Big Sister movement and the Fall Campaign, both of which enable new girls to become better acquainted with customs, traditions, and ideals of the University, are fostered by the Student Council.

The local Council is a member of the Intercollegiate Association of Women's Student Governments. The president for the college year 1923-24 has been Miss Marian Kinney.

## University Debate

SINCE inter-collegiate debating was established among the Ohio Colleges this activity has been one of the most popular on the Denison campus. Much interest is shown each year in the try-outs, and the teams chosen have always been of a very high character. Professor Bunyan Spencer has always coached both men's and women's debate teams. His record is one that brings credit to both himself and the University.

From a field of over thirty candidates, who tried out in the fall of 1922, twelve were selected to comprise the men's debate squad. In 1922-23 the proposition for debate was: "Resolved that the United States should adopt the Parliamentary form of government (based upon the English plan)." The season included two dual debates and one triangular contest. The negative team won three victories while the affirmative finished the season with two "wins" and one defeat. The triangular debate—Marietta, Capital, and Denison—was unique in that both Denison teams were victorious.

The affirmative team was composed of Wallace Heiser, Captain; Hugh Pickett, Jose Aguilar, J. Crawford DeLong, alternate; the negative team: Spofford Kimball, Captain; William Mather, John Moseley, Robert Cole, alternate. Members of the squad included Downing Proctor, Philips Boyer, Lloyd Wyse, and William Payne.

The Shepardson debaters were equally successful and completed a season without a loss. The subject, "Resolved that the United States should cancel the debts incurred by the Allies in the late war," was one which aroused much interest among the members of the student body. The schedule was made up of two triangular debates, one with Kalamazoo and Franklin, and the other with Marietta and West Virginia. The two teams won every debate.

The affirmative team was composed of Elizabeth Barbour, Captain; Louise Kramer, Eva Jane Price, and Thelma Toby, alternate; the negative team: Geneva Ellison, Captain; Mary Dodge White, Dorothy Whittington, and Frances White, alternate. Members of the squad included Caroline Sargent, Leona Toby, Ellen Barnes and Irlene Kissling.

## The Denison Masquers

THE Denison Masquers represent the best in dramatics at Denison. It is through the medium of this organization that the interest in dramatics is maintained and steadily increased. Membership in the club is honorary. A number are selected each year by competitive try-outs held in January in which all students of the University are eligible to compete.

The Masquers present three plays each year, and, in addition, are instrumental in bringing other dramatic productions and speakers to Granville. Professor E. P. Johnston is coach of the organization. His unusual coaching ability, combined with the increasing experience and skill of the players, has resulted in some very high class dramatic productions.

Last June the Masquers gave the play, "Pomander Walk," on the South Plaza, and "The Dover Road" was presented this fall.

THROUGH the work of the Y. M. C. A. much has been accomplished on the campus this year. As a result of the campaign for finances carried out last Fall, the necessary amount for the administration of the year's activities was collected.

The Student Sunday School has been well attended, and much help and inspiration has been gained by students taking the various courses. The Industrial Committee has been very active. Many of Newark's foreign population have been trained in classes conducted by committee members. The Gospel Team work, too, has been extensively carried on. Under the leadership of Howard Keeler many trips which have brought fruitful results have been taken to neighboring cities and towns.

This year Denison welcomed back to her campus a staunch and honored alumnus, Justin W. Nixon, to lead the services for the Week of Prayer. His messages were timely and beneficial in every respect.

THE Y. W. C. A. occupies an eminent place in Shepardson activities. Through the efforts of various committees devotional meetings are held every Sunday evening, the study of missions is conducted, social service work is carried on, and a Y. W. C. A. for the girls of Granville high school is supervised.

As a result of the activity of the membership committee during the past year almost every girl has become a member of the association. The fall financial campaign, carried on in conjunction with that of the Y. M. C. A., proved equally successful.

The Y. W. C. A. is of importance socially in the life of Shepardson girls. The "Hello" meeting, which takes place early in the fall of each year, is planned by members of the association and another party is given the week-end of the Miami game. Annually delegates from the Freshman, Sophomore, and Junior classes are sent to the summer conference at Eaglesmere. Delegates are also sent to the Oxford Industrial Conference, and one representative is to be sent to the National Convention in New York this spring.

## University Glee Club

THE University Glee Club, under the direction of Professor Karl Eschman, enjoyed this year one of the most successful seasons since its founding, twenty-two years ago. Having in its membership a variety of talent the Club was able to present an attractive program at home and on its many concert tours.

Competitive tryouts were held early at the opening of the first semester, and forty men were selected to comprise the Club. Out of this large group twenty-four men were chosen to tour on concert trips. Two soloists and a quartet were selected from within the organization.

During Thanksgiving vacation the management arranged a concert tour in northern Ohio and Michigan. Cities visited included Mansfield, Bowling Green, Toledo and Detroit. On March 15 the Club contested in Columbus for the Dispatch cup with Glee Clubs from Wittenberg, Ohio University, Muskingum, Blufton, Capital and Ohio Wesleyan. During the spring vacation in April the Club took a trip to Canton, Cleveland, Erie, Rochester, Niles, and Youngstown. The program arranged was so varied as to meet the approval of all types of musical patrons.

In conjunction with the Shepardson Glee Club and the Denison Orchestra the organization gave a joint concert on Homecoming Day. This was an entirely new feature of the Club's program.

William Pritchard was student leader, and Carl Nessley managed the Club during the past season. The University lent its financial support to the organization and carried the responsibility of seeing that the Club was managed in the most efficient manner.

## Denison Engineering Society

MEMBERSHIP in the Denison Engineering Society is based upon major work being done in either of the departments of Mathematics, Physics or Engineering. An intensive study is made of different phases of modern engineering. Several field trips are taken by the Society in order to gain practical knowledge of the engineering profession. Each member presents annually a paper on some phase of modern engineering.

Several men were taken into the Society this last fall, and the initiation and banquet were held at the Buxton Inn.

## Jaw Bones

AW BONES is a society composed of students who are majoring in the social science courses. Members are chosen from those who have the required major and must maintain a grade of "B" or above. The purpose of the organization is to create and perpetuate interest in the departments of History, Economics and Political Science. Bi-weekly meetings are held, and an annual initiation occurs in the fall.

## Fourth Estate

FOURTH ESTATE, honorary journalistic fraternity, was organized in 1923. Its purpose is to band together those men who are looking forward to a journalism career, to foster college publications, and to increase student interest in newspaper work. The organization since its founding has published *The Denisonian* once, and has edited on several different occasions the *Newark Advocate*. Many of its members after leaving the University have stepped into important positions on influential newspapers.

## In Memoriam

Jocelyn Brooks Clark

The tragic death of Jocelyn Brooks Clark, student in Doane Academy, was an occasion of deep sadness to the entire University. A student and an athlete of considerable note, he was an outstanding member of the Senior class. He had achieved the highest award in scholarship, having been elected to Cum Laude a week prior to his death, and was a star member of the Doane Academy basketball team. His classmates held him in high esteem, and the friendships which he established while here have only been enriched by his sudden death.

UNFORTUNATELY only a few of those who started in the Academy in the fall of 1920 will graduate this June. Although the class has been small it has lacked nothing in enthusiasm. The three years since the start and the graduation have seen a great many changes in the personnel of the graduating class. In spite of these changes the class has always been forging ahead. Class meetings held during all four years have been characterized by a great deal of spirit.

Thus the Seniors have every reason to feel proud of their class and will look back upon it in after years with fond memories.

THE CLASS OF 1925 aptly illustrates that principle known as the survival of the fittest. From the Freshman class of 1921, only two now remain, Michael Gregory, who will lead the Little Red football team next year, and Bertram Watson, who is attaining scholastic and literary recognition.

From the Sophomore class of last year, eleven yet remain, while an equal number have dropped out. The accession this year of a dozen new students, including the class president, Alfred Wiley, has raised the membership beyond a score. All hope to continue in the Academy and graduate next year.

The Irving Literary Society, founded in 1883, twenty-three years after the establishment of Cicero, was organized by a group of Academy men who saw the necessity for another Literary Society in order to promote better work and keener competitive productions. Much interest is taken in the annual Literary contest between Cicero and Irving. The Society last year captured a loving cup for winning the contest three years in succession.

### Doane Football—1923

FROM A VIEWPOINT of scores and games won the Doane Academy football season was not a successful one, for out of six games the Little Reds lost four and tied two. Coach Rupp's squad was greatly weakened by the new eligibility rules which caused a great dearth of substitutes. In addition, the Academy boys opposed several teams which were decidedly out of their class.

Aquinas High of Columbus was the first opponent of the Little Reds. The team showed lots of fight and spirit, but was unable to overcome its greenness—losing the hard-fought game, 13-0.

At Westerville the team showed great improvement over their playing of the previous week. The score stood 6-0 in favor of the Westerville High lads at the end of the half. Doane staged a comeback and tied the score shortly after the ball was put in play, but no further scoring was made.

Putting up the best brand of football they had shown previous the Little Reds held Middletown scoreless for the first half in the

game the following week. Their opponents ran wild in the remaining period, winning from the local lads 44-0.

Stivers was met at Dayton and again Doane was forced to admit defeat, this time by a 40-0 score. Outweighed thirty pounds to the man the Academy boys put up their best game of the season against Mansfield High. A belated rally with one touchdown gained was not enough to overcome the twenty-four points earned by Mansfield.

In the last contest of the season with Alexandria overconfidence together with the loss of Costan, star tackle, spelled a scoreless tie for the Little Reds. Although the Academy was within scoring distance several times they always lacked the punch necessary to put the ball over.

### Doane Basketball—1922-23

DOANE ACADEMY once again completed a successful basketball season and marked up quite an enviable record of eight wins and two losses. Although winning but one Intra-Mural game, it lost the remaining games by one- and two-point margins and forced the strong freshman team into an overtime period.

The first regular game of the season was with Bucyrus who went down to defeat 31-22. The game was rather slow but valuable to the team for the self-confidence it instilled in each of the men.

Two home games then followed, one with Coshocton and the other with New Philadelphia. Both teams succumbed to the fighting attack of the Little Reds, the former by a 26-16 score and the latter 30-22.

During the mid-semester period the team traveled north where it played games on two successive nights. Bob Rettig's Bowling Green aggregation was too much for Doane and they lost 24-11, but only after a hard fight. The next night, staging a decided comeback, the Academy boys humbled the Findlay High School 25-20. Captain Ashbrook's ability to connect with the basket and the defensive work of the whole team was responsible for the victory.

The next week Martin Boehm came to Granville and went away on the tail end of a 28-22 score. East High of Columbus gave the Little Reds a battle until the final whistle blew, but were not strong enough to win from the local lads, losing 24-18.

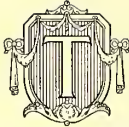

Journeying to Rio Grande College the team once more gained a victory, this time by a margin of 27-23. The game was featured with much roughness; and the fact that an overtime period was necessary to decide the winner kept the spectators interested.

Doane wound up its regular season in fine shape by handing Lancaster a trouncing in the form of a 46-7 victory.

At the district tournament at Delaware Doane was defeated 14-13 in its first game by West High of Columbus, who later won the tournament and showed up well in the state meet.

Coach Rupp in the main was responsible for the success of the season. His untiring efforts, with the assistance of Captain Ashbrook, resulted in a well-balanced team which made a remarkable showing with a difficult schedule.

## The Cum Laude Society

THE DOANE CHAPTER of the Cum Laude Society received its charter in 1909. Founded at the Tome school in 1904, and formerly known as the Alpha Delta Tau fraternity, the Society aims to encourage the same standard of scholarship in the undergraduate schools that Phi Beta Kappa maintains in the Universities. There are more than twenty-five chapters in the leading preparatory schools of the country.

"SID"

"What the Sam Hill"—that's the Jenkins way of showing disgust. Sid, Livy's right hand man and scout, represents the true college athlete and coach. He is the man who seldom sees a Big Red football game, but makes Denison victories possible through his scouting efforts. He is the man who guides the freshman athlete through his preliminary course of college competition, whether it be on the gridiron, gym floor or diamond, and you can be sure he is well liked by all.

"Gym men, hurry up"—yes, Tommy McMahon is right on the job. And what is more he's always on the job trying to figure out new stunts for his gym classes. In between times he works along with Livy in rounding into shape the gridiron men on the Varsity. And sometimes in baseball or on the track he is busy showing the new men old tricks. In short, Tommy is invaluable to the Athletic Department, for he has proved himself a true Denisonian and a true sportsman.

CHEER LEADER

ICK SWARTSEL—Denison's dispenser of pep, the man who has organized and developed that Big Red cheering power which portrays the real Denison spirit. What untiring efforts and hearty good cheer he has put forth in the service of Denison athletics! Surely those Egyptian arm movements accompanied by a "Yea! Denison" and the immortalized "Everybody out," will long be remembered by Red and White rooters.

Dick leaves his man-sized job to Wynne Silbernagel who has been his assistant during the past year. Silbernagel, along with "Buddy" Stratton, will lead the Big Red rooters next year.

Football—1923

## Hillsdale

HILLSDALE College sounded the 1923 football clarion when her plucky eleven invaded Deeds Field, Saturday, October 6, and bowed to the Big Red, 12-6, in a colorful battle. The Michigan team presented a strong line and a well-balanced attack. Coach Jefferson's warriors were the first to score. A brilliant return of a

punt by Philp, the visitors' quarterback put them in a position to try a fake drop-kick; and a pass from this formation netted a touchdown.

Not until the final quarter did the Big Red get started, and with a defeat staring it in the face the Denison machine launched a fierce driving attack that brought two touchdowns in rapid succession and a victory.

An unstoppable march down the field terminated when Hundley threw a twenty-seven yard pass to Rogers who crossed the goal tying the score. Continuing the attack Hundley and Rogers ripped off yard after yard, and Hundley dodged his way through the entire Hillsdale team for 20 yards and the touchdown that gave Denison a triumph in the season's opening game.

Bernard Hundley was easily the star of this contest. His accurate passing and great open field running featured.

BERNIE HUNDLEY, H. B.

## Cincinnati

IN an effort to break a consecutive losing streak of six games suffered at the hands of Denison elevens in the past, the Cincinnati Bearcats traveled to Granville on October 13, but fell before the playing of the Big Red, 24-7. At no time during the

game did the Queen City combination exhibit any real football defensively. A long pass from Bachman to Captain Prather, which gave them a touchdown, was the only bright spot of Cincinnati's playing.

Frequent fumbles gave Denison many chances to score, and the recovery of a loose oval in mid-field paved the way for the first marker. Hundley carried it over. An 80-yard march through the visitor's line gave Denison another touchdown in the first half.

In the third period Captain Calhoun broke through and blocked a kick, grabbed the oval and ran 30 yards for a touchdown. A moment later he recovered a fumble on Cincy's 25-yard mark, and Hundley hurled a pass to Allen for the last tally of the day.

Captain Calhoun played a great game, tackling fiercely and opening holes in the opposing line. He also scored the first and only touchdown of his football career.

ENOCH CALHOUN, CAPTAIN  
AND CENTER

## Akron

DISPLAYING a brand of football that they never equaled the rest of the season, Livy's men defeated the heavy Akron team on October 20, in a great gridiron battle, 7-0, on Deeds Field.

Akron had a heavy line, fleet backs, and a good punter, while the Big Red showed perfect teamwork and baffling bursts of speed. For three quarters the battle was even. Both teams threatened to score, but a stubborn defense frustrated each other's attempts.

TOMMY ROGERS, H. B. AND  
CAPTAIN-ELECT

Denison's famous fourth period attack was not to be denied, however, and the Big Red opened up with a drive that tore gaping holes in the weighty Akron line through which Hundley and Rogers ran for gains of five and ten yards at a time. Five yards from the line Akron held, but only momentarily, and Rogers knifed through tackle on his third attempt for a touchdown—the tally which proved to be the winning margin.

Tommy Rogers, the diminutive half, was easily the luminary of this game, and his off-tackle smashes aided in bringing him the Big Red offensive crown.

## Miami

IN THE ANNUAL Miami classic at Dayton, October 27, the Big Red suffered its first reverse of the season in a bitter 9-6 battle. Denison made 11 first downs to Miami's 3, and displayed a far superior offensive punch; but the southern Reds were out to win.

A well executed pass from Hundley to Rogers, who dodged two would-be tacklers with some clever side-stepping, was good for 55 yards and a touchdown. The play, inserted after a series of bucks surprised the Miami defense and gave the Big Red a momentary lead. Ewing's men tied the score when center Joseph broke through and blocked a punt. The oval bounded back into his arms and he ran 55 yards, unmolested, for the tying counter.

Standing on his own 32 yard line, Ford of Miami became the hero of the historic struggle when he kicked a faultless field goal and gave Miami the three point margin which later proved to be big enough to win. Denison threatened to score but lacked the punch to put it over.

To Livy Steadman go the laurels for this game. His defensive play was of All-Ohio caliber.

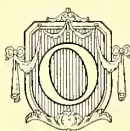

LIVY STEADMAN

## Ohio State

UTPLAYED and outlucked, but not outfought, Denison crumbled before the giant attack of the Ohio State eleven in the mammoth Horseshoe Stadium in Columbus, November 3. The final score, far from indicative of the kind of game that was played, stood 42-0 in favor of the scarlet and gray.

DUTCH THIELE, E.

With Workman, its All-Western star, performing in the height of his glory, State used an effective forward pass attack that netted several scores. Uncanny ability to recover loose passes and bounding ovals accounted for two of Ohio's markers. Early in the first period Denison began a determined march for the State goal, but a fumble proved disastrous. Occasional offensive flashes brought Denison rooters to their feet during the remainder of the game.

As the last seconds were ticking off the timekeeper's watch, hopes for a score rose high when the ball was deep in Ohio's territory, but a drop kick that missed by inches faded them.

The playing of Thiele in this game was one bright spot for Denison, and his ability to grab passes and break up interference gave him a regular berth for the rest of the season.

## Oberlin

BERLIN with a fast, well-coached team, and a great forward passing combination invaded Deeds Field for the annual Homecoming game, Saturday, November 10. The contest was a 6-6 draw. Both elevens displayed a strong attack and an equally powerful defense. During the first half Denison clearly outplayed the visitors, but cast many scoring opportunities to the winds.

A break in the third period gave Denison a chance to score. McLain scooped up a fumble and carried the ball to the 15-yard line. A series of plays terminated when Miller plunged through for a touchdown.

Fate, however, was not to be partial to Denison, for a few minutes later Jones, the fleet Oberlin half, scooped up a fumble and with three men for interference ran 50 yards for the points that tied the score. The Denison forwards blocked the try for goal. The game was nearly lost in the final period when Oberlin, mixing passes with end runs, carried the ball to the 1-yard line only to find the Big Red wall impregnable.

Miller, the big Denison fullback, played one of the best games of his career and gained more yards than any other Denison ball totter in this game.

MIKE MILLER, F. B.

## Ohio

UNDER dismal skies and on a snow banked gridiron Denison's son's old foe, Ohio University, was met in the last home game of the 1923 season, November 17. It was a wierd affair and the 7-7 tie proved a disappointment to the Granville fans who braved the wintry blasts to see the Big Red in action.

BOB HENDERSON, T.

The first half had hardly begun when Denison tallied. A bad Ohio pass from center paved the way for the first score when Henderson fell on the elusive pigskin as it rolled over the line. Ohio's unheralded line was one of the best that Denison bucked all year, and attempts to gain by means of this avenue were futile.

A fine piece of individual work by Captain Patterson of Ohio tied the score and saved the visitors from defeat. In the third period he broke through the line and blocked a pass, caught the ball and sprinted 52 yards for a touchdown. The try for goal was good and the score was knotted. Denison began a march that seemed destined to bring another score, but the final whistle cut it short.

Henderson, the giant tackle, was at his best and stopped every attempt to gain through his position.

## Wooster

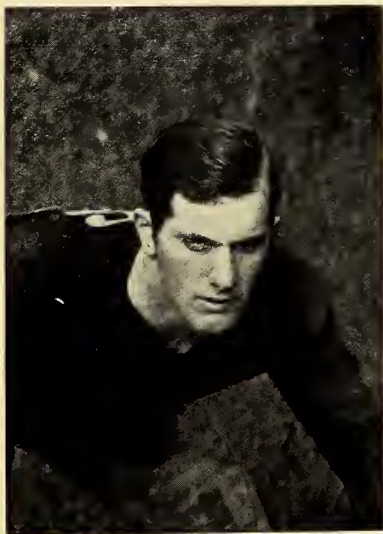

ENISON journeyed north for the season's final conflict on November 24, and fell before the masterful playing of Wooster's championship machine. The Bolesmen, spurred on by the painful memory of the 10-0 defeat at Granville last year, swept the ends, knifed the line, and forward-passed in an unstoppable fashion. The score, 32-0, tells the story of their superiority.

Wooster lost no time in scoring. Receiving the kickoff, the Gold and Black marched to the ten-yard line by means of line plays and a long forward pass. A cross buck took it over. From then on the Wooster team reigned supreme.

Denison tried desperately to stave off defeat, but the smooth machine-like team that triumphed earlier in the season seemed to be worn out. The driving attack of the Wooster backs could not be stopped. Offensively the Big Red could do little. Line plays were useless against the sturdy Wooster wall, and the up-staters possessed a real forward-pass defense.

Seven regulars completed their gridiron careers for the Big Red. Captain Calhoun, Steadman, Henderson, Thiele, McLain, B. Hundley, and Miller took part in their final inter-collegiate contest.

The playing of McLain in the Wooster game was in keeping with that which he displayed throughout the past three years. He could always be counted on to stop his opponents' play.

Basketball—1922-23

JEFFERSON, CAPT.

THE BASKETBALL SEASON of 1922-23 was one that will stand out on Denison's court horizon for many years to come. Success crowned nearly every effort of the Big Red cagers and brought the coveted Ohio Conference Championship to Granville.

With Captain Jefferson at the wheel of a well-oiled, smoothly running floor machine—equally capable of sweeping opponents off their feet, or staying their attack—Denison registered twelve victories and suffered but one defeat.

Kenyon was the first victim of the season. The Gambierites came out on the short end of a 27-25 score in a well-played game featured by an eleventh-hour rally that nearly gave the visitors a victory. Otterbein was next. Ditmar's men, outclassed from the start, were trounced 43-13. Captain Jefferson ran up 23 points in this contest.

Wooster then paid its annual respects to Granville, and humbly bowed to the Big Red attack. The final score was 30-14. With bewildering bursts of speed and fast accurate passing Livy's men showed championship class. Traveling to Westerville, Denison repeated its early-season triumph over the Otterbein lads and outclassed them 40-20.

St. Xavier, with a highly touted aggregation, was the sixth victim of the season. The Saints had a formidable five, fast and well trained, but they could not cope with the clever passing and accurate shooting of the Big Red. Their fate was sealed 34-27. Mount Union, possessing a fine record, and a great machine built around its Captain and star, Marsh, was no match for the Denison team and fell under its onslaught.

The journey to Wooster brought the first defeat of the season and the only stain on the court record of the Cleveland Hall aggregation. A whirlwind Wooster finish in the final two minutes of play turned a 21-18 defeat into a 24-21 victory.

A trip north saw Kenyon again topple before the Denison attack, this time by a 40-29 margin. Case threw a scare into Livy's five when they led 16-11 in the final moments of play at the Scientists' Gym at Cleveland. A great spurt with phenomenal shooting tied the score, and Calhoun sunk the winning marker just before the whistle blew.

Miami, in the next encounter, could do little against the strong Big Red defense. A 41-23 triumph was registered by Livingston's basketeters.

Swinging down to Cincinnati for a southern trip the Big Red gave the Bearcats their worst defeat of the season, 33-14. Hopping over to Oxford where the Miami five was still smarting from their previous drubbing, Denison ran into real opposition and just managed to emerge the winner by a 23-21 score.

Muskingum furnished the opposition in the season's final at Granville and tasted the dregs of defeat, 41-22. This game was a fit ending for a remarkable Denison court season.

Captain Jefferson, Calhoun, Jenkins and Willis were mentioned on All-Ohio selections. The team scored a total of 418 points against its opponents' 266. Jefferson was high man in the scoring with 169 points.

"LIVY" STEADMAN  
CAPTAIN

N A SEASON replete with thrills and surprises the Big Red basketball team of 1923-24 displayed a brand of the court game far superior to the most optimistic hopes of its followers; and with twelve victories and three defeats entered into a tie for third place in the Ohio Conference race.

Confronted with the task of building a combination without a single letter man, Livingston's outlook was none too bright. But the Denison mentor molded as fast and as great a machine as any in the state, which the fine record of the team clearly shows.

Kenyon furnished the opposition in the opening game of the season, and went down to defeat in an evenly fought battle, 27-24. Livy's new aggregation played well and the season outlook was considerably brightened.

The Cincinnati Bearcats invaded the local floor next, and romped away with a 26-20 victory. The second half is one that will long be remembered by Denison fans. With the score standing 19-2 in favor of the visitors Rettig launched an attack that soon threatened the visitor's lead, but time stayed a victory.

Otterbein proved no match for Denison and suffered a 50-33 drubbing in a mid-week encounter.

Wooster fell before the Big Red attack and the football defeat suffered at the hands of the Bolesmen was avenged with a 42-24 floor triumph.

Miami was the season's next victim, succumbing 27-14. The southern Reds were completely outclassed. Haskins had a big night at the visitor's expense. Otterbein invaded Cleveland Hall, and for the second time in the season fell before the drive of Douglas and Co., this time the count was 37-15.

The season's real thriller was the Ohio game. Grover's team from Athens put up a great fight, but finally bowed to the Big Red in a brilliant 31-23 fight. A great closing attack featured the play of Denison. Wooster was again defeated, this time on their own floor. The count was 31-16, and the superiority of the Denison five was never in question. Muskingum, with a scrappy team caught the Big Red on an off night and nearly snatched a victory; but some great work in the second half gave Denison a 21-16 decision.

Traveling north, the biggest surprise of the season was sprung at Denison's expense when little Kenyon annexed a 31-27 victory. Long shots by the victors turned the trick. Four days later Case was met and deluged with a shower of baskets in a loose game. The final score was 44-13.

Miami and Cincinnati were both defeated on the southern trip. A 27-16 triumph at the Bearcats' expense evened the early season defeat of the Big Red. A nip and tuck struggle with Miami ended in a 26-22 defeat for the Oxfordians. Accurate foul shooting paved the way for Denison's win.

Journeying to Oberlin Denison's court crew suffered an attack of basket blindness and after repeated attempts to get going met a terrible 28-9 defeat. Haskins inserted a few brilliant flashes, but the play of the Big Red was ragged.

A belated rally gave Denison a 30-26 triumph over Muskingum on the latter's floor in the closing game. The annual alumni battle saw the curtain drop on a most successful season. The old stars were beaten 29-18.

Track—1923

## Track—1923

DAN KING, CAPTAIN AND  
SPRINTER

THE track season of 1923 saw the "sport of the Greeks" taking its place on Denison's athletic shelf as a major sport. The completion of Deeds Field with its 220-yard straight-away and 440-yard track marked Denison's formal step into the track limelight.

Coach Livingston again devoted his entire time to the development of a strong track squad. The result was a well-balanced team of weight and dash men which furnished its opponents with considerable opposition and gratified a large number of followers.

Led by Captain Dan King the team journeyed to Ada, April 28, and downed Ohio Northern, 96-21. In twelve out of the fifteen events the Varsity scored firsts; and in nine events took both first and second places.

Wooster came to Granville the following week and was turned back by a decisive margin of 76-41. As in the previous meet the Big

Red showed great power on the cinder path, allowing their rivals but one first place in the track events.

In the triangular meet with Cincinnati and Miami at Oxford, Denison lost the first honors to Miami by the narrow margin of a quarter point. The final count was Miami  $49\frac{1}{2}$ , Denison  $49\frac{1}{4}$ , and Cincinnati  $36\frac{1}{4}$ . The Denison tracksters showed their best form of the season in this clash.

Displaying a well-balanced attack in both track and field events Oberlin defeated the Big Red 80-51 in the final dual meet. Captain King and Gorsuch divided honors in the 100 and 220. Gabele marked up his best jump of the season with a leap of 21 feet, 6 inches, and came within one inch of breaking the college record.

The Varsity had little trouble in emerging the victor in a quadrangular meet with Ohio, Otterbein and Kenyon. Nine first places were gained and the Big Red more than doubled the score on its nearest opponent.

At the Big Six King was the sole Denison luminary. He breasted the tape a winner in both the 100 and 220 yard dashes.

An added feature to the track activities of the season was the holding of the Central Ohio Inter-scholastic track meet on Deeds Field the day of the Oberlin contest. More than 200 of the best high school athletes in central Ohio, coming from eighteen institutions, took part in the meet.

Three college records were broken during the season. Mike Miller threw the shot 42 feet,  $1\frac{1}{2}$  inches for a new mark. Captain King lowered his time in the 220-yard dash, breaking his record of 26 4-5 seconds for the fast time of 26 6-10 seconds. Abernethy broke the college low hurdle record held by his brother Bob, by taking the sticks in 26 2-10 seconds.

## Cross Country

ALTHOUGH the cross country squad was composed of inexperienced men, and the practice conditions were far from ideal, the distance runners representing Denison made a creditable showing.

Oberlin's 34-21 victory in a dual contest failed to daunt the Big Red runners, and in the Ohio Conference Meet held in Cincinnati, Denison landed third honors.

Under the new ruling that requires a man to place in the first half of the total number of entries, two men, Bash and Powell, received the coveted "D."

Baseball—1923

## Baseball 1923

THE 1923 Diamond fortunes of the Big Red may be summed up in one word, defeat. It was a decided off season. The veterans of the previous year were missed and this, coupled with the absence of dependable pitchers, tells the story of a victoryless schedule.

Coach Jenkins built up a baseball nine that was typical of all Denison athletic teams. It was a strong, hard-fighting outfit, that never stopped until the last man was out. The scores show that the team worked hard and consistently. As the season progressed a marked improvement in all departments was shown and several capable ball players were developed and a good foundation laid for the rebuilding of Denison's baseball prestige.

Captain Miller, the slugging outfielder, was the hardest hitter in the conference, and his long drives into left field will long be remembered by Denison fans. Occasionally he would take a turn in the box and his burning speed had opposing batters guessing.

Lowmiller and Williams bore the brunt of the pitching burden, and at times their efforts were brilliant, however their unsteadiness coupled with fielding errors would give the opposition one big inning, and a margin sufficient to win.

The Otterbein and Oberlin contests were see-saw affairs and the Big Red baseballers displayed some real diamond ability. Wooster, Miami and Ohio University had little trouble humbling Denison, while Ohio State had an easy time with Sid's inexperienced nine. In all due credit to the team it should be stated that morale never faltered and in some measure there was victory in defeat.

## Tennis—1923

VERNON BARKER, CAPTAIN

Captain Barker was unlucky in his singles. The biggest home match and one that fairly bubbled over with thrilling tennis was the contest with the fast W and J tennisers. Captain Barker won the opening encounter from the leading visitor, only after a hard fight. Proctor was not so successful and although he piled up a lead, he was unable to hold it and went down to defeat in a most bitterly fought third set. Hugh Pickett played the greatest game of his career and his clever placements won him a scintillating triumph over his rival. Stockum dropped his match, and when the Pennsylvania doubles team nosed out Barker and Proctor in the best match of the day, a W and J victory seemed inevitable. But Pickett and Stockum loosed a series of smashing volleys, which, combined with accurate play at the net, won the match and brought the final outcome to a 3-3 tie.

The crack Oberlin team was defeated away from home 5-1, and Newark was the seventh victim of the season. It was a great season for the Big Red tennis team.

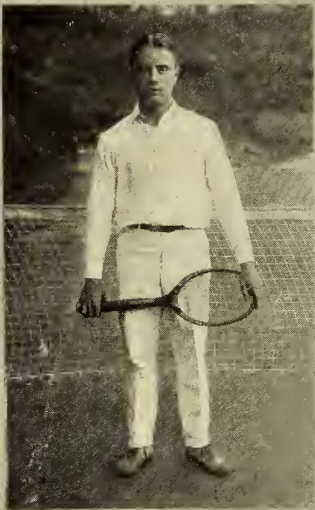

DENISON'S racquet-wielders came in for their share of the athletic limelight in 1923 by displaying a fine brand of tennis and some great individual playing in the latter part of the season.

Captain Barker and his teammates gave some flashy exhibitions of the famous Tilden game, and the large galleries of clay court fans were more than pleased with the dazzling serves and brilliant cross court drives that the Red and White players sent speeding over the net.

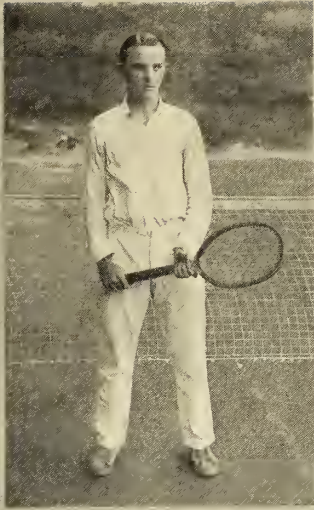

After losing the first three matches of the season, two with Kenyon and one with Muskingum, the Big Red team hit its stride, and after outclassing Muskingum in a return match 5-1, journeyed over to Ohio State and surprised the tennis world by winning two matches from the Scarlet and Gray combination. Although the Staters won 4-2, the promising work of Pickett and Stockum forecast a great finish for the Denison netters.

Otterbein and Capital each dropped two matches to the Denison team which had molded itself into a real net machine. The Barker-Proctor doubles team was hard to beat, although Cap-

## Intra-Mural

IN the spring of 1923 an intramural program that far surpassed all previous attempts at "within the wall" athletics was launched, and an organization bracing seven leagues in five distinct branches of athletic competition was perfected by the department of physical education which gave every Denison man a sport.

Each afternoon volley ball courts, and indoor baseball diamonds hummed with action. In the fall soccer was introduced, and the Freshman-Sophomore match in the English sport was a thriller. Cleveland Hall was the scene of many spectacular and hard-fought intramural basketball tilts. Baseball in the interclass league furnished a good sidelight on prospective diamond players. The program as mapped out by Livy and his assistants gave ample opportunity for every non-varsity man to get into some branch of competitive athletics.

Sigma Alpha Epsilon, with a team that gained momentum as the season progressed, won the basketball honors. The Sig Alphas finished the season with a fast, accurate shooting combination and were a good example of the value of intramural sports. In the court season just completed the Kappa Sigs, after a poor start, found themselves and easily marched to the top of the intramural basketball heap for 1924. The class of 1926, with a team more powerful than any that has graced a freshman class for many years took the interclass honors. In the 1924 season the class of 1927 presented a formidable five that copped the inter-class laurels.

In the playground ball league the Commons Club team sailed through the season without sustaining a defeat, and clinched the championship by a great victory over the faculty team in the final game. Many brilliant contests marked the season's play, the Lambda Chi-Phi Gam battle which the former won 3-2 was featured by some great pitching, only seven hits being made in the entire game.

A volley ball aggregation from the Phi Gam house proved superior to all other "volliers" and by mixing terrific drives with clever placements won the volley ball championship.

To the class of 1924 went the baseball honors and the record maintained by the class in this sport was unspotted as it has landed on top of the heap every year.

Class track supremacy was decided when the men running under the black and white of 1926 easily outpointed the rest in the annual field day meet. The present Sophomores also won the soccer classic defeating the Freshmen 2-1.

## Women's Athletic Department

### MISS MARGARET CHESNEY

ONE year ago Miss Chesney, a graduate of the Central School of Physical Education and Hygiene, came to Denison as an assistant in the Women's Athletic department. This year she became the head of the department and has shown her ability by her personality, kindness, interest and cooperation with everyone connected with Shepardson College athletics. Too much credit cannot be given her for the success of the various contests in sports and gymnasium demonstrations, as well as the regular class work.

### MISS IRENE EMORY

Because of the vacancy caused by Miss Ruth Atwell's absence Miss Emory, a graduate of the Central School of Hygiene and Physical Education, was welcomed to the department. Together with Miss Chesney and Miss Campbell she has increased the efficiency of Shepardson athletics.

Students count it a privilege to be under the coaching of Miss Emory, for her quiet yet forceful personality is felt by everyone with whom she comes in contact.

### MISS JANET CAMPBELL

The growth and development of women's athletics is shown by the increase in the teaching force. Miss Campbell came, as did her associates, from the Central School in New York, and in the short while that she has been at Denison has displayed her capabilities as a teacher. She has very efficiently taken over the corrective classes, proving a real asset to the department.

## Basketball

OR the past two years Ireta Goodrich as head of sport has helped to make the basketball seasons most successful. The class of 1924 carried off the honors both years, and contributed several members to the Yale-Harvard and All-Shepardson teams.

Lois Lusk, Ireta Goodrich, Helen Yeakel, and Annetta Lang were members of the All-Shepardson in both years. The other team members in 1923 were Marguerite Tribolet and Helen Dickinson; in 1924, Elizabeth Price and Elma Bruce.

Top Row: Maxwell, Valentine, Quayle

## Baseball

FOR the second time the class of 1924 won the basketball championship. It was not an easy victory for their opponents made good showings both in the preliminaries and finals. A great amount of enthusiasm and interest was maintained throughout the season, partly due to the efforts of Josephine Maxwell, head of sport, and Miss Chesney.

The All-Shepardson team was composed of Helen Yeakel, Marjory Sutherland, Charlotte Larson, Josephine Maxwell, Barbara Valentine, Jean Gordon, Dorothy Quayle, Marion Ebaugh, and Dorothy Darrow.

## Hockey

HAT HOCKEY was one of the most popular fall sports was evidenced by the keen competition among the various classes. The teams played well and it was after a hard fight that the class of 1926 won the championship game played on Field Day. Miss Emory coached the teams this year and found a ready response from the girls. The results of her work were seen in the good teamwork displayed throughout the season. The All-Shepardson team was composed of Elizabeth Albaugh, Louise Darrow, Lela Lusk, Felicie Thresher, Carlista McMinn, Margaret Husband, Annetta Lang, Roberta White, Lois Lusk, Juanita Jones and Fenton Smith.

Roberta Davis, Laura Richardson, Thelma Hawk, Margaret Hendricks

## Archery

HEPARDSON CAMPUS is unique in that it forms a fitting background for such a sport as archery. Each year many girls are attracted by its gracefulness and charm, and this year even more than usual responded to its call.

The Spring championship of 1923 was won by Eunice Fellman, '24. The class of 1926 won the championship in the contest on Field Day. The All-Shepardson team was composed of Margaret Hendricks, Thelma Hawk, Laura Richardson and Roberta Davis.

## Swimming

UE to the efforts of Frances White, head of sport, interest in swimming has not been lacking among the girls of Shepardson. The class of 1926 captured two honors by winning both the meet and the individual championship.

The events of the meet were: plunge for distance, breast stroke, side under-arm, side over-arm, trudgeon, crawl, back stroke, float, and diving. Miss Chesney, head of the Shepardson Physical Education Department, instructed the classes in swimming.

## Tennis

THE call to tennis came during the first week of the school year. Helen Proctor, head of sport, interested a large number of girls. The squads were not chosen until two weeks before the Field Meet. The following week preliminaries were played off, and the Juniors and Seniors won their way to the finals. Field Day found the Seniors victorious.

In the Spring tournament Ruth Hovey was the winner of the singles. Frances Chamberlin and Ruth Hovey were chosen for All-Shepardson.

## Track—1923

NDER THE LEADERSHIP of Lois Lusk, head of sport, the spring track season was most successful. In the meet the high jump record was broken by Ruth Campbell and Cecile Browne, and the record for the dash by Annetta Lang.

The track meet was won by the class of 1925 with the class of 1926 coming in a close second. It consisted of the following events: dash, high jump, broad jump, hop-step-and-jump, shot put, javelin, discus, and relay. The All-Shepardson team was composed of Margaret Chamberlain, Helen Proctor, Helen Yeakel, Marjory Sutherland, Annetta Lang, Cecile Browne, Ruth Campbell and Esther Dickerson.

### Mt. Parnassus Shiek Denies Charges. At Liberty on \$10,000 Bond

That William McLain, prominent student on the campus, is a fugitive from justice and that he has been married twice and is the father of seventeen children, was contained in a letter received today by President Chamberlain from one of McLain's deserted wives.

This strange revelation came as a distinct shock to many students on the campus, and all are at loss to explain the predicament of their popular idol and football hero. As the news spread about the campus, classes were dismissed and the students gathered about the streets in animated groups discussing the tragedy.

The president when approached regarding the exposure, refused to make any definite statement, but read the following parts of a letter to THE DOZE reporter:

## PROFESSOR SUCCUMBS

### Music Head Chokes to Death On Violin String

While directing the Denison Symphony Orchestra in his usual effervescent manner last Tuesday evening about eight-thirty, Prof. Karl X. Eschman, A. M., Professor of Music and Director of the Denison Conservatory of Music, met with a most horrible accident which resulted in his immediate death.

Professor Eschman, at the time of the accident, was directing a passage in McWhortle's Canary Chorus (matched in beauty only in the Wedding Scene in "The Venetian Iron-Monger") during the Choking Scene where the drum, harmonica, and sweet-potato predominate. He had just whistled to the drummer who was cranking a Metz off-stage to imitate the death rattle, when suddenly his foot slipped and he plunged madly through his leading violin, choking himself to death on a "G" string.

Professor Eschman was quite a famous character in the musical world, holding two major

## Cry Indignant University Eds

At a meeting of the men students of Denison University, held Wednesday, April 30, behind Cleveland Hall, it was decided to make the university an institution for male students only. The feeling against co-education is one that has been rankling in the breasts of the "eds" for several years, and a recommendation was made to send the women students to Buckeye Lake to continue their academic study.

This separation policy was brought to a crux by the results of a recent investigation which showed that there was a very retarding influence of women upon the men's scholastic rating. With the coming of springtime and a new crop of grass, it was felt the parting of the ways had been reached.

Not only are all the male students back of this policy to a man but also a greater part of the faculty. Dr. Ebaugh is quoted as being much in favor of the plan and in a recent interview granted THE DOZE, he made this statement: "I can do nothing but commend the noble action of our men students. That the women were undermining the scholarship has been shown; that they are undermining our social structure we have only to observe; and last but not least, that they have caused endless trouble to the administration has been demonstrated."

When President Chamberlain was asked for his opinion, he said: "This will greatly

expidite the training and instruction of Denison's manhood to the nth degree. I expect to see Phi Beta Kappa keys awarded to fully two-thirds of next year's senior class as the result of this action."

Prof. Karl X. Eschman of the Conservatory of Music is enthusiastic. "Thank heavens," he exclaimed when told of the action, "we can have a Girls' Glee Club composed entirely of male voices next year."

The opinion of the women themselves is not important but is given here merely to show the absurdity of the average feminine reasoning. "They will see for themselves that they can't get along without us," said Miss Elizabeth Folger, head of the Denison Spy System, Inc.

Dean Clara Brumback is quoted as much in favor of the plan and has permitted THE DOZE to advise what to do with the women. The result of a four hour conference brought the decision to turn them over to the Fish and Game Warden at that Wonder Spot of America, Buckeye Lake. Dormitories are to be erected next to the Dreamland Dance Pavilion, it was decided. Mrs. Brumback expressed herself thusly: "My heart has long hungered to remove these examples of pure womanhood from the temptation of the cigarette and the deadly kiss. With a dance pavillion so close at hand, I have no doubt that myself and the other girls can find oodles of fun dancing with one another."

Many of the girls, especially of the Sigma Delta Phi sorority have received telegrams from their families to the effect that a college education is of no further use to them and for them to return home.

Sergeant Wallace believes this to be a movement that will go farther toward improving the morals of the university than the building of the new chapel. "Clandestine engagements are now among history," he remarked. The sergeant is an authority on the subject.

# Twenty Men Killed As House Explodes

## CAVE DISCOVERED

A cave, rivalled only in size and beauty by the world famous Mammoth Cave of Kentucky, has been discovered recently by some of the wide-awake students of Denison University. This unusual formation, so rare to these parts of Ohio is arousing great interest in geological and dermatological circles, and scientists from all over the world are coming to investigate it.

Dr. Mather in an interview granted the Nauseated Press today, gave out this statement: "Yes! But whether the cave is xenophthalmiac or pockillitamous is a matter that will bear investigating further. Personally, I, from my vast experience, am of the opinion that it is a typhloscoleoid of the worst kind. Other of the world's authorities will probably disagree, however."

THE DAILY DOZE is of the same opinion as the learned doctor and intends to take immediate action. However, until this takes place, visitors will still be allowed to gaze unmolested into the depths of this awful cavern which is so gruesome yet so Eddifying.

## WHY!

Is temperament confined to the prima-donna of the opera and to the movie-star with a salary in six figures? Is the jealousy of managers and press agents for their charges confined to the Great White Way?

It surely cannot exist in a production given by the Denison Masquers. And yet why did the sisters of Peg Mullen object to Louise Kramer's wearing of a gorgeous, silken, filmy negligee in the Dover Road?

We will leave the reader the task of determining "why?"

## Kappa Sig Chapter Nearly Wiped Out

Twenty members of the Kappa Sigma fraternity were instantly killed when their fraternity home was blown to pieces early this morning about 2 A. M. So great was the blast which shook all of Granville, that it scared Lambda Chi Alpha out of a year's national expansion, as well as frightening many members of the football squad who thought that Livy was on the war path.

The Daily Doze reporter hastened to the scene of the explosion and there interviewed the fortunate members of the fraternity who lived out of the house and were busy scraping up acquaintances to take to the chemistry lab for identification. Several theories were given as to why the explosion occurred. One which seems plausible, was that the Phi Gams in a fit of jealousy had dynamited it. Another one was that it was merely part of the "public improvement" plan of the city officials.

The police, however, are of the opinion that three members of the fraternity living across from East Cottage were naturally responsible. Richardson, when interviewed this morning remarked, "Ewart probably did it." Ewart on the other hand, insisted that it was "some of Gilbert's humor." However, Richardson was known to have had a grudge against the chapter for having such low doors that he had to crawl in, so the police think that he perpetrated the deed as revenge.

The Kappa Sigma House has long been an old landmark of the community, having been built by the first settlers in 1746 A. D. Recently the Kappa Sigs had been having trouble with passing tourists thinking that the KΣ stood for Comfort Station.

# Must Gowns Be Worn?

## Professors Agree It would be best

"Gowns are necessary at social gatherings," claimed Professor C. H. Dickerman this year during a class in news-writing.

Although we have no desire to question the veracity of a statement made by Mr. Dickerman, we decided to investigate the matter according to our usual thorough custom.

Upon questioning Mr. Frierison said, "Of course I can only speak from the limits of my small knowledge on any affair pertaining to the ladies, but it has always been my experience to find gowns worn as a matter of form, some forms differing from others, having spent part of my time in the southern part of the Union and some in the boundaries of England."

Miss Emory, being the baby of the faculty, and therefore being thought the easiest to interview upon such a delicate matter, gave her view in her characteristic sweet and simple style.

"I have only a very slight knowledge of social affairs. It has only been three years since I have mingled with the world; Mother wouldn't allow me to go out until I was fourteen."

At this point Irene sighed, as if to express her wish that Mother had been more lenient with her.

"But to go on to this question of gowns. I do think that gowns should be worn. For one thing, they always have been customary, and then, just think what a dance would be without gowns."

"Of course, when I was at boarding-school, when just we girls would gather for a little supper, sometimes Night-gowns were worn."

When the matters became so personal as this, the interviewer became so embarrassed that he decided to let C. Henry's statement go on its own recognition.

## GLEE CLUB HOME CONCERT HEARD BY LARGE ENTHUSIASTIC AUDIENCE

### SIGS ERECTING NEW HOME ON BROADWAY

#### Mansion To Have Every Modern Convenience

That the beautiful brown stone building being erected next door to them was not to be used for a hotel but was in reality the new Sigma Chi House was revealed in an interview granted the DAILY DOZE reporter by Jas. Jones, alleged owner of the structure. Mr. Jones admitted that he had nothing to do with it and even said that the golf course belongs to the Sigs.

The eagle eye of THE DAILY DOZE had long suspected this, as it had noticed the automatic cuspidors in every room as well as the immense chewing tobacco bins in the rear of the edifice. And what a fraternity house it will make! It is afflicted with all modern inventions including a still and bottling works. A special ice-box is being installed which will take care of three drunk brothers at one time and bring them to in time for a seven-thirty the next morning. Special sound proof walls have been installed so that the nightly bedtime story of Teddy Bridge can be told without shocking the neighbors. Special leased wires to Newark is another feature that is without a peer.

It is expected that Sigma Chi will now leave the retail business and enter the wholesale as a competitor to the Denison chapter of the American Association of Commons Clubs.

Friday evening in the Last Baptist Church the Denison Glee Club gave their annual home concert assisted by Mr. Hairy Feet, reader, impersonator and damper. A large and enthusiastic audience greeted the singers and at the conclusion of the program, presented the members with the church, brick by brick. This year, contrary to an old Denison custom, Professor Eschman succeeded in cornering Granville's supply of ancient hen fruit, so that only decayed vegetables were served to the long-haired musicians. The following is the alleged program:

1. "Far from the Old Soaks at Home" ----- Amos de Bridge  
Entire Club
2. "One Squirming Solemn Thought" ----- Pimm  
Quartet
3. "The Swallows Return" ----- Belch

## GIVE 'EM A CHANCE

Visitors at Denison during the football and basketball season have been criticizing and condemning an old University custom which has for years been a pillar of the social custom of Granville's eye-sore, Denison University. This custom is that of talking while the Band is playing—an act that is not only discourteous to the band but also to those of the audience more aesthetically inclined.

Denison has a band of which she should indeed be proud. Not only is the band the equal of any medicine-show band in the county, but also has recently proved to be a life-saver for Newark, one of Granville's beautiful suburbs.

The occasion was this: It seems that a terrible avalanche of rats and mice have been infesting Newark, devouring all the foodstuffs and driving the populace to the point of starvation. The need for succor became paramount. Poisonous gas, shot-gun raids, bootleg liquor, everything had been tried without success. Then true to the convictions of the University the Denison Band offered their services to rid the town of rodents, much as the famed Pied Piper of Hamelin had done of yore.

Newark gratefully accepted

the offer and the band was transported to the square. Band master Fitch mounted a fire plug and after a few false starts the band began to function. Then something happened that will go down in the archives of the city. The rats started to pour out of every nook and cranny—rats of all shapes, sizes and conditions—young rats with chicken-pox, old rats with halitosis (USE LISTERINE, adv.), lady rats powdering their tails, gentlemen rats in the midst of shaving, black rats with white stripes, Hart, Schaffner and Marx three button, English cut, white rats with a nifty green percale, (can also be had in plaid, state hat and bust measure) in fact every rat and mouse in the city came out to see what was the matter. Just then the band burst into their other piece, the Marching Song, played as usual.

Then the rats acted. Climbing over buildings, trees, trains, etc., and knocking down people in all walks of life, they fled. In three minutes there was not a rodent in the county. In two hours they were reported passing Montreal and headed north. Nothing more was ever heard of them. But the band was the hero of the day and were given free bus rides to Granville by the grateful citizens.

Certainly a band such as this should be listened to in reverence. Sigs sitting in the gallery at basketball games should refrain from using the Bass Horn as a cuspidore. One should remember that the Clarinet players cannot help it if they look like they had just taken a dose of—quinine, let us say. But lastly the audience should remain quiet so that every whisper of the drum corpse can be wafted over the surrounding country and perhaps give some poor deaf man a thrill.

## UTOPIA

"O LORD, I IMPORE  
THEE TO BLESS ALL  
MANKIND; BUT TO THE  
CHEMISTRY DEPART-  
MENT, MANKIND'S ARCH  
ENEMY—DAMN THEM!"

The above prayer has been received by the Editor from a constant reader of the DAILY

DOZE, a Mr. Curtis, alleged student at Denison College. It appears that this prayer has been handed down thru a long line of friends of the department believing that all who repeated it would be free from calamity.

While the prayer itself is no doubt merely superstitious, its brevity seems almost to approach sanity. For the past few years the prayers, especially those given in chapel have been growing in length. Speakers, evidently thinking it an admirable indoor sport, have started to bless the entire world individually as well as collectively. The result has been to put an entire student body to sleep while for 15 or 20 minutes the orator proceeds to bless everything and everyone not forgetting the king of Zambesia or the snow on the top of Mt. Everest. Patagonian washwomen with hives, crippled bed bugs in Siberia, unsuccessful sewerage systems in Holland—they seem to omit nothing.

Perhaps the time is not far off when all public prayers will be as brief and to the point as Mr. Curtis' but we are afraid that that can only be when automatic timers are installed or the only speakers are deaf-mutes with total paralysis.

Mt. Parnasus, Ohio

April 17, 1924.

Dear President Chamberlain:

I consider it my duty to inform you that you are harboring a fugitive from justice in your institution. He is a scoundrel of the first water and his name is Bill McLain.

I first met my husband at Buckey Lake at a Baptist Convention to which we were both delegates. He invited me out boat riding and we were married the next day. He promised me he would come back as soon as he graduated from college.

I am not asking anything for myself, it is for the children's sake that I request the apprehension of this scoundrel. Little William is just like his father. Already he is kept busy fighting off the neighbor girls as he hates any relation with the weaker sex.

Brigham, the youngest boy . . . I found out just yesterday that he is married to another woman. She is a waitress down in Louisville, Kentucky, where he first met her. . . .

Mr. President, if Bill cannot be persuaded to come back, please warn the girls of your college to beware of him. He pretends indifference but that is only a mask. He is a finished artist at shieking. God save poor girls from his clutch-es.

Anything that you can do . .

Yours secretly,

MINNIE MOODY McLAIN.

When interviewed this morning, Mr. McLain made the following statement: "I am not guilty of wife desertion. If my friends and admirers will wait, I am fully convinced that I can prove myself innocent. While I realize that I have broken many hearts in my time, I laugh at this affair. Another jealous woman—but still the name of Bill McLain is without a blemish."

McLain is at liberty on a \$10,000 bond furnished by Howard N. Thiele, a close friend of his.

## 29 GREEKS SUFFER DEATH in QUARREL

**Beta - Phi Delts Starts  
Roughly. Good Time  
Had by All**

Seventeen members of Phi Delta Theta and twelve members of Beta Theta Pi were killed during a friendly quarrel held on Shepardson campus, Tuesday afternoon, from three to five o'clock. The Phi Delts it seems, had been rushing ten year old Izzy Strong of Washington Court House who recently startled his fellow students by running 1234567890 yards for a touchdown. The Betas insisted that this was contrary to all Pan-Hellenic ruling as they had put a Beta Pin on him when only a week old.

During the battle which followed, the Betas managed to spirit little Izzy away and conceal him in the Chi Psi House. However, in spite of this unhappy ending, a good time was had by all.

Beta Theta Pi will hold an informal tea for Phi Delta Theta this afternoon at which time the captain of the 1935 football team will be announced. Stiletos will be served with the ice cream.

## DICKERMAN - GEORGE INTERESTS UNITED

**Erstwhile Professors Will  
Locate in New York**

Big business received quite a considerable jolt yesterday when the announcement was made of the consolidation of the Dickerman and George interests which takes effect immediately. More remarkable, however, is the fact that Granville has known these two magnates for the past few years only as pure and simple professors.

C. Henry Dickerman, who has been masquerading as the head of the Journalism Dept., is in reality a powerful financial wizard and head of the International Ceiling Corporation with offices in all foreign countries including Scandinavia. For the past several years C. Henry, as he is known to his many admirers and relatives, has been collecting data on college ceilings. To do this, he bought a position in the English Dept. of the University and was thus able to study ceilings at will. He is publishing a pamphlet shortly entitled "Ceiling Study as an Aid to Teaching English," in which he defends his habit of gazing upward by stating, "If you'd seen some of the faces in my classes, you'd be thankful that there is a ceiling to look at."

Jesse James George, popular professor of Political Science, has been fooling the public in a like manner. He is in the business world, the great clothing magnate to whom nothing is impossible—indeed the phrase, "Let George Do It," was originally used by his friends concerning the remarkable achievements of "J. J." He is said to be the dictator of men's styles of such clothes as Society Brand, Adler's Collegian, and Hart, Schaffner and Marx. So great is his power in this respect that it is said that if he decreed men must wear skirts next winter, why men would wear pzxlf % ?h.

Mr. George has been doing some experimental work here at Denison, observing how different models affect the college man and in his findings, he states, "One can readily see that I voice the opinion of the college man when I say that tight clothes and high-water pants are the thing. Question: should I decree corsets for next year?"

These two world powers will have their office on Wall Street and their corporation will be known, so Mr. Dickerman says, as the "Dick-George Corporation." At home after June 31st.

## WHAT COULD DUTCH BE AFTER, ANYWAY?

**Is'nt a Friendly Handshake  
And Whispered Word  
Quite Enough**

"Well, are you going to say good-night?"

This is the form of farewell that Mr. Beowulf Thiele uses when he leaves the fair co-eds of Denison University. Just what "Dutch," as he is called by his friends in the underworld, means by this is hard to surmise.

He certainly could not think for a moment that any of these young ladies who are so finished in their social training would neglect this formality. But, does Mr. Thiele desire formality? It has been learned from good sources that he desires more than a friendly handshake and a whispered good-night to remember the evening's entertainment.

"I think that if I could have another date with you I could tame you," is the follow-up used by this male vampire. It is with great interest that we are watching the antics of "Dutch" and, as soon as possible, we will publish just what it is that he wants for a good-night.

Is it possible that Mr. Beowulf desires osculation?

According to Mr. Thiele, he never has more than two dates with a girl that he can feel is not interested.

## SIG ALPHS RATIFY 18th AMENDMENT

Whole Country Elated As  
News Spreads From  
Hither to Yon

America ushered in a new era yesterday amid the ringing of bells, the blowing of whistles, and the proclamation of a general holiday by the President, when the news was sent abroad from Granville that the Denison chapter of Sigma Alpha Epsilon had at last ratified the Eighteenth Amendment to the Constitution of the United States. Schools, factories, business houses, everywhere suspended activities for the day and made merry.

A special session of Congress as well as many foreign assemblies sent congratulations. Crowds of grateful citizens assembled in front of the Sig Alpha House and called for speeches time and time again. At each occasion, Pres. Sebald, Grand Lunatic of the chapter made a few appropriate remarks which were translated from the Profane to the English language by Don Weaver.

"We have long contemplated this here step," said Mr. Sebald in reply to United Press accusations which were hurled at him by the various reporters. "With every man in the chapter perpetually drunk, it was a hard task to get it through." A great sob choked him. "But we've got Hazlett sober now, so I guess it's worth it."

A mighty cheer went up from the audience as the last statement was heard, and Paul himself, came to an upstairs window and threw kisses and furniture down on the admiring throng.

The only sad feature of an otherwise perfect day, was the fact that 1,874,008 bootleggers committed suicide when the facts became known. And in each bootlegacy left, was a sincere curse on the fraternity that had caused their downfall.

## COMMONERS ANNEX

The Denison Commons Club startled the University when, yesterday, they made the announcement of the annexing of what was formerly Lambda Chi Alpha fraternity. This policy which is a new one in Denison's annals was caused no doubt, by the fact that the club of late has been decreasing in size so that now a census need be taken only once a week in order to determine the exact population.

The fact that the Lambda Chis have been in such bad straits due to recent rains, probably influenced the Settlement House on the hill to some extent. Emperor Baldwin in an interview gave out this statement, "When we voted last week on the question of annexation, there was only one vote for it, but I threatened to kick them all out of Y. M. C. A. and they came around. If this annexation proves successful we are planning to annex all the other big fraternities next fall."

Big Cheese Bendix of the Lambda Chis said in a recent letter to The Daily Doze: "Think what good we can do up there among all those heathen. Our real reason, however, is to organize the club into ten more chapters of Lambda Chi Alpha and win the national prize for organizing chapters."

## TEMPTATION TOO GREAT FOR FAT- STEALS PEANUTS-RIMS BROTHER

A pitiful case of misplaced confidence was revealed today in the Granville Criminal Court before Special Judge James Mitres when Richard Webster, prominent fraternity man of Denison, confessed to having deliberately and with malice aforethought rimmed a fraternity brother out of 15c worth of candy from the "Honor Shop" owned and operated by Horace Boggs on the second floor of the Phi Gamma Delta House.

Tears streamed down the dirty cheeks of the jury com-

## BARN E' GOO BALL THE LATEST THING

New Sport to be Inaugurated

A new form of sport is to be installed here by the Physical Degeneration Dept., soon. The game which is taken direct from the Whistling Siamese is known as Barn e' Goo Ball and is played by three men. One man hops off the ground and with the aid of a plane he rises to a height of 2,000 feet. At this time he raises two fingers which is a signal for the man on the ground to act. The second participant wafts what is known as the Goofus Ball, into the air and when it permeates the surrounding country, he gives the signal by untying his shoe string. At this moment the ascending player jumps overboard and attempts to catch the ball on his way down. If, however, he misses it, he loses. Candidates will please report with the consent of their parents to the Post Office at noon, today. Uniform will be, shoestrings (2), necktie, and ear-muffs.

posed of twelve prominent clubmen of Granville as they listened to the sad story of young Webster who, under cover of darkness, stole into the hall and voluptuously ate peanut after peanut and "forgot" to put his name down in the honor book. The jury was out only long enough to hit a smoke and returned a verdict of "Guilty." Judges Mitres sentenced him to be hung early in April. ## USHER IN DENISON HOP THIS EVENING.

Great Time Expected With Faculty  
Doing The Honors.

A maze of Siamese lanterns and other exotic decorations will usher in the great All-Denison Hop at the Gymnasium, tonight. The grand march will be led by Prof. Elijah Jacobs and Miss Annie M. MacNeill and will start promptly at 9:45 P. M. Dancing will continue until 3:30 A. M., and longer if the crowd demands it.

Music will be furnished by Stibitz and his Snappy Synco-pators, consisting of Geo. Stibitz, piano; W. C. Moore, banjo; Donald Funk and John Edgar, saxaphones; Paul Biefeld, Ph. D., violin; F. G. Detweiler, A. M., cello, trombone and goboon; and Mike Stockdale, drums. The soloist will be Mrs. A. B. Skinner who, with the assistance of Professor Wiley, will endeavor to put on an Apache dance if the punch is in the condition as ordered.

The swimming pool has been transformed by streamers and flowers into a Venetian Love Garden, and here dainty refreshments will be sold. In the shower rooms, a number of massage benches have been placed and there the chaperones consisting of the Baptist Prudential Committee will hold sway.

Much credit is due Lloyd E. Wyse and Ping Teng Lu for planning the extensive arrangements and carrying them through to completion. Mr. Wyse, assisted by Mr. Albert Thunn will be manager of the new dancing school for the coming year.

## SORORITIES MERGE!

Tri Kappa Psi Phi is Result  
of Conference

Representatives of the four sororities of Denison University (Baptist) met Wednesday afternoon on Shepardson Campus and decided unanimously to merge unto one organization to be known as Tri Kappa Psi Phi. This coalition was not a surprise to the student body as the good-will and friendliness that has so long been existing among the sororities, made such a step almost unnecessary. Savings in time, money, food, and various other rushing activities are said to be the main reasons for the action.

Thursday evening, the new sorority held its first meeting in the chapter house across from the Conservatory and chose the following officers for a term of 14 years.

President—Clara Brumback.  
Vice-President—Fred. St. John.

Secretary—Kate Rugg.

Treasurer—Grove P. Jones.

They also voted to elect new members by a majority vote and to elect both sexes.

This new organization plans to do away with several systems of rushing that have been in vogue during the past few years, namely:

1. Bent arm system.
2. Freshman-organization system.
3. Cat system.
4. Fraternity system.
  - a. Lambda Chis.
  - b. Other fraternities.
5. Slam system.
6. Shovel system.

## FIJIS GAIN CONTROL of ADMINISTRATION

Last Candidate Put Through  
Monday Afternoon

The local chapter of Phi Gamma Delta held a public initiation in the local K. of P. hall, Monday afternoon at which time the few remaining members of the faculty were put through the mystic rites of the order as prescribed in Nux Vomica, on page 55. The big feature of the day was the initiation of George Warner, janitor of Cleveland Hall, thus gaining complete control over the institution.

Tuesday evening, a special faculty meeting was held at which the following new laws were passed:

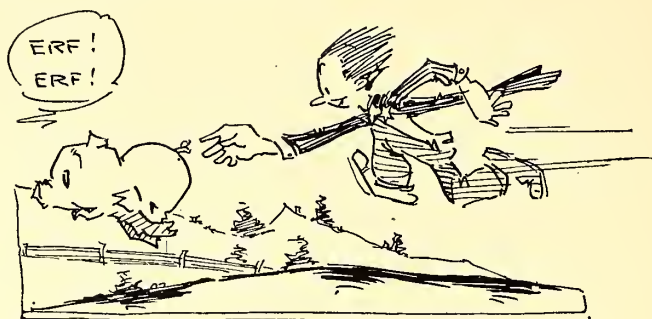

1. No member of the faculty can vote unless he belongs to Phi Gamma Delta.
2. No student can receive a grade higher than F unless he or she is a member or related to a member.
3. All Phi Gams will receive A's in all subjects.
4. All offices and positions on athletic teams must be held by members.
5. Degrees will be granted only after the oath of allegiance to Phi Gamma Delta has been taken.
6. All female members of the University must in order to remain in school, sign an agreement to break any date in order to go to a Fiji party at any time.

championships. In 1919 he defeated Paderewski in a piano-breaking marathon for the world's championship, winning by three Steinways and a Baldwin. He also held the world's record in knocking down music racks with a sixteen ounce baton, defeating Walter Damroch by a score of 5 to 4 racks. He also was runner-up in the National Baton-throwing Contest in 1920 and took fourth place in the great International Face-making Contest, scaring the second trombonist so that he came in only three seconds late.

# The gentle art of remembering

## ANKELE'S FLOWERS

To remember someone when the occasion suggests it is a pretty compliment. To remember with a suitable gift adds to the compliment. But whenever you choose flowers to give, your compliment is as nearly perfect as it can be—because it implies the one to be remembered appreciates everything that is beautiful. And flowers are universally loved. So, when the event demands an expression of your thoughts—whether love, sympathy or devotion, send

Cat-tails soaked in whale oil. This led to the use of the whale oil lamps.

## NUMBER FOUR

The gas light, burning natural gas, supplanted both of the foregoing lamps.

The gas mantle was a big improvement on the open gas burner, but the modern incandescent electric lamp surpasses any artificial light known to mankind.

You can burn a 75-watt lamp for ten hours and it will cost you only six cents for current.

WHAT ELSE IN YOUR HOME GIVES AS MUCH SERVICE AND AS MUCH COMFORT AND CONVENIENCE AT AS LITTLE COST AS ELECTRICITY?

## Retrospect

As we come to the final page of the 1924 Adytum and lay down our pen for the last time we are conscious of a sense of deep relief mingled with the feeling of intense satisfaction. A great joy it is to know that the pictures have all seen the paste brush, that the last bit of copy is in, and that there are no more proofs to read. But despite all the long tedious hours, the many cares and worries, it has been an enjoyable experience.

Too much credit for whatever success this book may win cannot go to Mr. Charles Mandel of the Mandel Engraving and Art Studios, Milwaukee, Mr. M. H. Mueller of Newark, and Mr. H. S. Ransom of the Ransom Printing Company, Moline, Illinois. With the aid of these three men the Editor and Business Manager have been guided through many troublesome seas. The courtesy of Mr. Mandel in giving helpful suggestions has been appreciated. Mr. Mueller was ready and willing at all times to take numerous trips to Granville for our convenience. And without the direct supervision and the personal interest of Mr. Ransom in the success of the Adytum good results could not have been attained.

As for the staff whose work has been faithful and highly efficient a great amount of credit and thanks is due them. Without an exception every Junior and underclassman did willingly the task assigned him.

The book sub-division sketches were made by Richard Davis and Edward Schmitz. Cartoons in the feature section were drawn by Edgar Bridge. Lettering beneath the names was done by Turpin Bannister and Ralph Hess.

The Frontispiece was kindly lent to the Editors by "The Architectural Record" of New York City. Three color process work was done on the book inserts.

When one comes to the end of a good day's work, there comes to him the satisfaction of having given the task his best efforts. So it is with us. Many long and tedious hours have been spent over the Adytum, and the finished product represents our best. The Junior class, through the medium of its Adytum staff, hopes that it has contributed something to the life of the College on the Hill.
